Band "Storms the Beach"

Galesburg High School Band had the fortunate opportunity to play at Virginia Beach. They were rated one of the top five bands in the country.

The 11th Annual Virginia Beach Music Festival was held during the week of June 11-17. High hopes and nervousness met the competition in concert, inspection, half-time show events, parades, along with "sight" reading. Miss Sally Rynott instructed the band, while Rex Gulson conducted. Two selections that the band played were the "Sardar Routine" and "Scheherazade". In numerical rating, the GHS band received a score of 360.3 points; 400 was perfect. They obtained several firsts and seconds which were indicative of superior and excellent ratings. At the end of the hectic week, the band was greeted on Sunday, June 18, by Galesburg residents at the GHS Van Dyke Football Field. Disappointment that they did not place in the top three was evident. The Galesburg High School band must be congratulated for the tremendous honor they achieved.

"Man will wonder, man will read, man will know" is the title of the statue in front of the learning center. It was created by a combination of art, agriculture and shop students. The figure is seated and holding an open book. The dedication was made in May 1972. Butler Manufacturing Company donated most of the material. Mr. Crown supervised this project as a part of the plan for landscaping the learning center area.

Homecoming Royalty Head Festivities

Early in September preparations for the 1972 Homecoming, held on October 5, 6, and 7, began when "A Night Amongst the Stars" was decided upon as this year's theme. Each class began construction of their separate floats while other students engaged in decorating the auditorium and gym. Excitement mounted as the Homecoming drew nearer. The three-day festivities opened with a much welcomed assembly. Here in the space-like atmosphere Mike Ostrander was crowned as King and Chris Johnson coronated as Queen from a lineup of ten anxious candidates. Dawn Davis served as the Junior Attendant escorted by Phil Redington. The Sophomore Attendant was Joan Holt escorted by Jim Marshall. Scores of people lined the sides of Main Street to watch the annual Homecoming parade which led through downtown and concluded at the GHS football field with a bonfire. Circling the bonfire, crowds were pepped by the cheerleaders and band while many strings of people raced about in games of "crack-the-whip." Friday night arrived and high spirits led the Streaks to an impressive Homecoming victory over our arch rival, the Quincy Devils, with a score of 43 to nothing. Dressed in formal attire, couples danced to the music of Pepperidge in the star covered gym. The introduction of the royalty highlighted Saturday night's Homecoming dance. Suddenly the glitter and excitement began to fade, the clock neared eleven, the last song played, and almost too soon, Homecoming had ended.

Fall Play Presents "The Rainmaker"

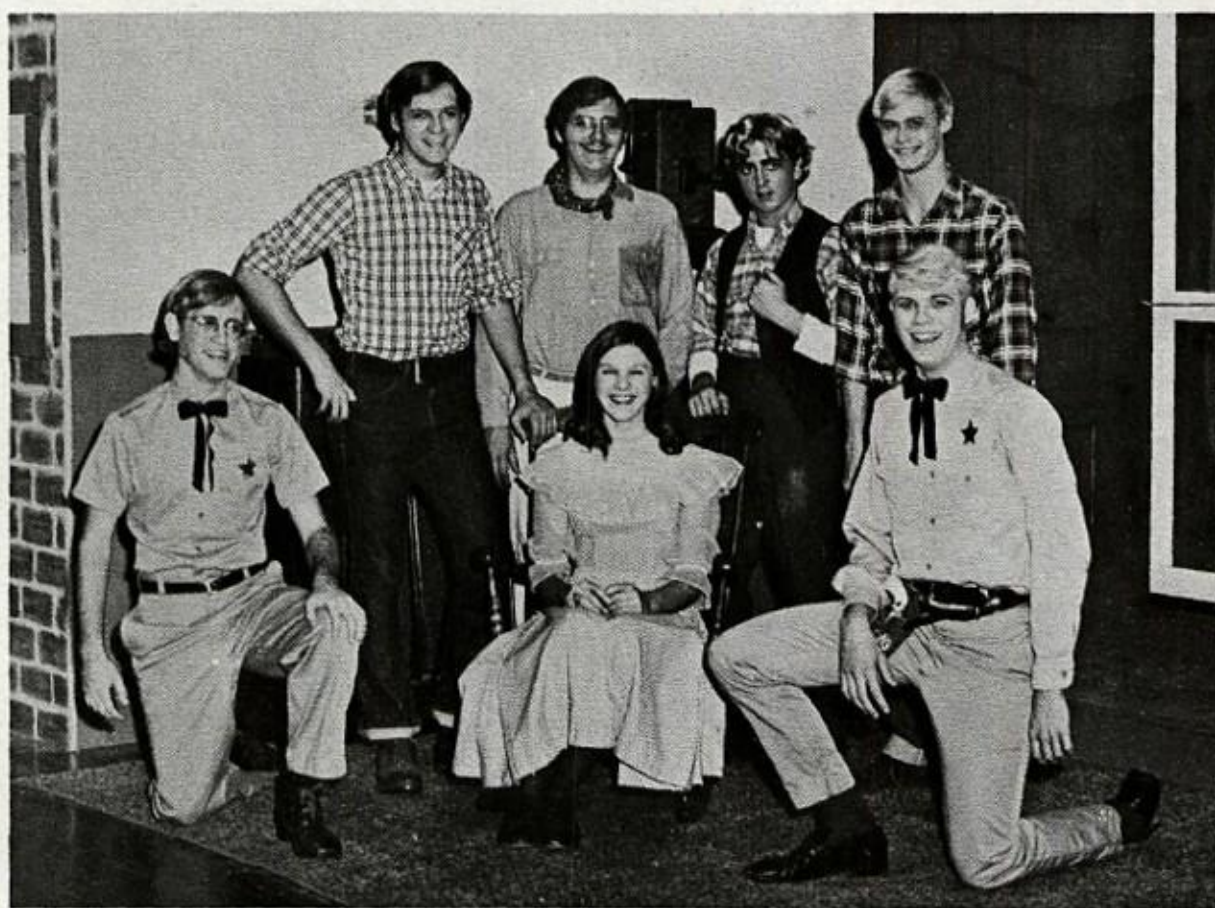

But Snookie, I honestly can't remember what happened last night.

The 1972 Fall Play, "The Rainmaker," written by Richard Nash, was performed by the GHS Drama department on November 23. From a simple western farm came the Curry family. The father, H. C. Curry, tried to keep his family happy, but his sons, Noah and Jim, were constantly battling over matters of morals and romance. Lizzie Curry was impressed by the charm of Bill Starbuck. The Deputy, File, finally showed his feelings for Lizzie and she chose File over Starbuck. The efforts of Starbuck,

The cast of "The Rainmaker"

to *make* rain, seemed useless until, in the middle of his escape from the law, the rain did come. Under the guidance of Mr. Krause and student director, Chris Curtis, the play was a success and delight to all who watched it.

Homecoming signified the birth of a new tradition at GHS, that of the "Silver Chief." Amusement was the first reaction of spectators when he first appeared, but he soon became well accepted by on-looking crowds. Pep Club came up with the idea to add spirit to our school. Many long hours of practice went into preparation of the skit routine put on by the Chief. To the rhythm of "WAR DANCE/WAR PAINT," Silver Chief performed his dance at all home football and basketball games ending it with a victory jump. Assisting Silver Chief, the Princess carries a spear with eagle feathers signifying the many victories and few defeats of the Streaks. Bob Wessels is the first Silver Chief and Christy Zefo portrays the Indian Princess.

Hit The Road

Solo plus one.

Thirty-one separate acts opened November 17th and 18th for the 1972-1973 Reflectavue. Hard work and preparation were in store for the participants and staff to make "Hit the Road" a success. Airdales, Rochettes, Car Hops and Hitch Hikers were a part of the annual variety and of course what would the Reflectavue be without the kicklines? Wendy Wise, Barb Lindstrom, Brenda Battles and Karen Crow were among the soloists for Friday and Saturday night. In addition to the musical acts and dance acts were the Streakettes performing flips, cartwheels and aerials to the audience's delight. Scenery and lighting was in the capable hands of students to create the right mood. The suspense waiting and anticipation grew before the show and then the entire cast returned to the stage for the finale of "Goodnight Ladies" which was the concluding song.

OOH! Dat's good.

Couples dressed in formal attire assembled in the cafeteria for a Friday night Winter Formal 1973. "An Old Fashion Love Song" was chosen as the theme of the dance held on January 26. Mollie Jordan and Robin Stout reigned as Queen and King, respectively. A red sleigh served as a throne for the Royalty. Along with a pond, several old fashion street lights and a snowman added a special wintery atmosphere to the dance, while outside warm weather deprived the ground of snow. "An Old Fashion Love Song" was a complete success and memorable occasion for all who attended.

Dramatists Present Reader's Theater

Where are they going? I'm not finished yet.

A lesson in picking jewels, a woman with delusions of tuberculosis, two girls trying to marry the same man, and little ermine swimming pools were all a part of "Pits, Cores, and Seeds II," the annual Reader's Theater. Under the student direction of Tom Pscheidt and Chris Curtis, the production was assisted by sponsorship of Mr. Krause and Mr. Patterson. Since it was impossible to use much scenery or props, the actors had to concentrate more on their abilities to produce the characterizations. Although the production played a one night stand, it was considered a success by all people concerned.

The voting took place in the main hall as students dropped money into the jars of their choice. As the pennies are counted and the winner designated, there are a few disappointed guys who lacked the amount of pennies to become the Penny Prance King. The dance was accompanied by the White Horse Band, which helped make this after game dance a success.

A Cappella Choir Presents

It is 1905 in the small Jewish community of Anatevka, Russia. Tevye, the genial philosophic dairyman, who has confidential talks with God about his problems, explains that tradition is the cornerstone of his people's existence — "Without tradition our lives would be shaky as a fiddler on a roof." Golde, his good wife, tells the youngest daughters, Shprintze and Bielke, that she hopes to marry all of them off to well-to-do husbands. Unfortunately this did not work, and the tradition is crumbling. The villagers depart in various directions, but before they go, they form for the "tradition circle" — their circle of unity as a people. Tevye leaves with a light heart and high hopes.

Efforts of Student Council

A year of many changes and activities came in 1973 through the efforts of the Student Council. Consisting of 45 members, 15 from each class, they were chosen by the student body in open elections. Among the many innovations brought about by the council, seniors received open study halls. Strict parking lot rules were enforced after many problems arose by overcrowding. Gripe Day was improvised to give all students a chance to voice their personal complaints. Along with the regular duties of sponsoring Homecoming and Winter Formal the council also brought a folk rock duo, Keller and Webb, to perform at GHS. With enthusiastic and hardworking members, guided by President Steve Podwojski, the Student Council marked a most successful 1973.

Baccalaureate, Commencement, and Senior Prom were the three main projects that the Senior Council toiled over this year. Under the leadership of Mr. Browning, sponsor, the officers and committee heads were able to make it a successful year with the help of all the seniors. Representatives for the Senior Council were chosen at large and the weekly meetings were open to all seniors. Raising money for prom, a major task, was helped along by a summer ice cream social, a chili supper, bake sales, back yard sales, buttons and suckers. Senior Council attempted to help the seniors enjoy their high school days.

Interclub Council consists of the heads of all organizations at G.H.S. The main function of this group is to meet and coordinate school activities between the various clubs. Interclub met for the first time in September at a banquet where members explained the plans of their groups for the coming year. This year's goal was to persuade students to "get involved." To boost this issue, Interclub first held an orientation for sophomores. Also Dwight Seegmillie, the National President of F.F.A., spoke to the student body. For the first time in many years Interclub has met as a group and worked towards the common goal of improving the school.

Budget

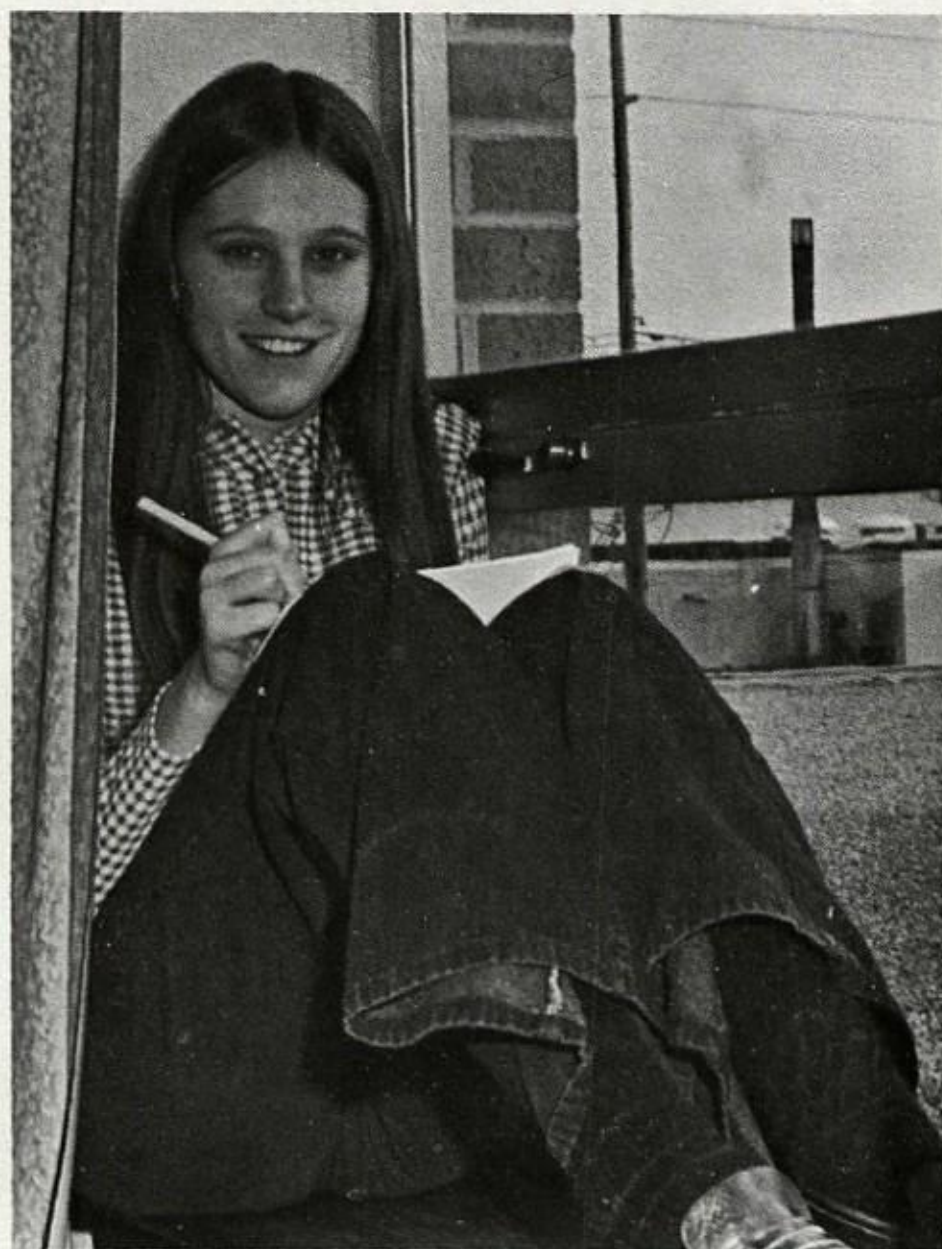

Editor-in-chief, Kay Carr, provides leadership for the other Budget members. Typists, photographers, and writers push to get the newspaper out every Thursday. The publication contains up-to-date articles about school activities, as well as outside recreation. "Feedbag," "Willow," "Counselors' Corner," and "What It Is," are seen regularly to provide some continuity to the other articles. "Hortation, and the SOW Award" gives the picture on the athletic events of the school. "Budget asks" provides students to voice a comical opinion on matters that are just for entertainment. After school Tuesday, the staff is busy putting the finishing touches on the paper, and take a sigh of relief until they begin on the next issue. Mr. Gene Yoachum is the faculty advisor.

AFS: People Meeting People Through Exchange

In the summer of 1972 the high school student chapter of AFS was able to send Peter Anderson of Denmark. The AFS student exchange during this school year is Anima Misa from Ghana, Africa. The purpose of this organization is to raise money for some student to spend time visiting and learning the ways of people from another country. This helps to broaden the understanding among people of different nations. The guaranteed participants of this summer's AFS program from Galesburg High School are Sandy Brown and Julie Ubben. They will be fine representatives of the United States in their travels sponsored by AFS.

My experience as an AFS student so far, has been very great. I have learned so many things. I feel that I have learned more than all the courses in all the schools can offer, and even more than all the knowledgeable books can teach — things that one does not find in books. AFS has helped me not only to understand and appreciate the people of another country but my own. Little things that I had once taken for granted now mean so much to me, and when I leave for my country, I know that I will always look back on this year as one of the best years in my life. And if anyone should ask me what AFS is, I can only say what I feel — but can't express enough that

AFS is people,
AFS is the world,
AFS is understanding
And above all it's fun.

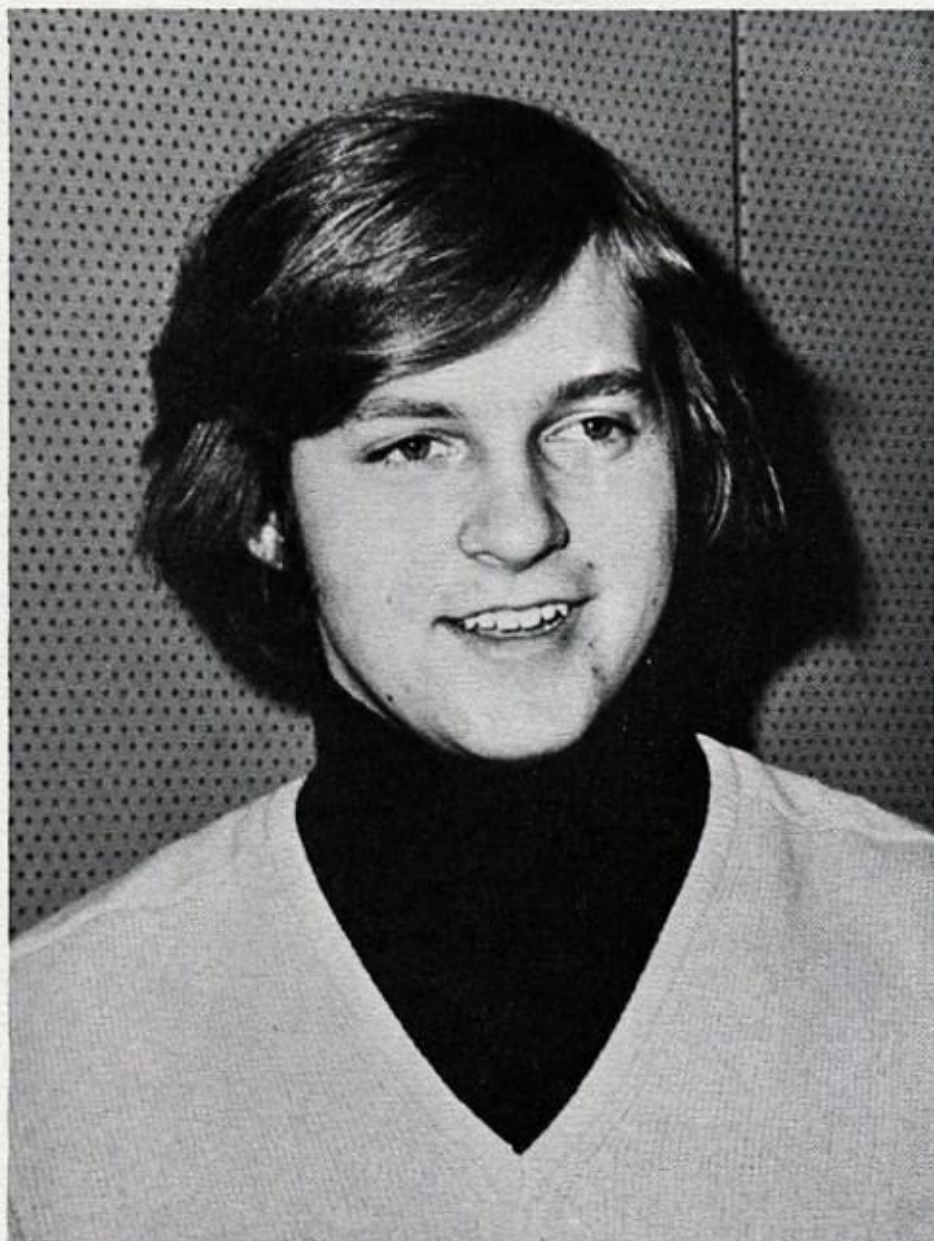

I thank all those who have helped in making my year worthwhile.

Mange tak! Last summer I was given the opportunity of a lifetime, to live, breathe and look like a Dane. I'll always remember my two families in Denmark and the fantastic friends and neighbors that I met over there. The food, architecture, and the "hof" go hand in hand. Thanks to you, the student body and faculty for your continued support. Hopefully the American Field Service Program will be around for quite some time.

For me, my summer was two months exchanged for a lifetime of memories.

German Club enables students with at least one year of German to become more acquainted with German customs, daily life, beliefs, and festivities. A greater understanding of the language is gained from lectures, slide presentations, movies and guest speakers. Activities of the year were polkas, Christmas caroling, and an October Fest which consisted of polkas and root beer. Hansel and Gretel was performed by the third year class. German Club was behind the plan to send students to Munich during Easter vacation. Mary Reeder acted as President of the club while Mr. Reuter maintained the position of faculty advisor. This social organization adds to the knowledge of the German country as well as exposing the students to German customs.

Latins Study Roman Culture

Latin Club is an organization for those students who have studied Latin. At the meetings, declensions and conjugations are abandoned as the members learn more about the cultural side of the Romans. Informal meetings contain fun and education for all the students who wish to participate in activities which enable them to learn about the Latin language. The regular monthly meetings included listening to speakers, riding bicycles, and watching short plays. Highlighting the year was the annual field trip to Chicago and a school-wide chess tournament. In the

Parlez-vous Francais?

French Club is open to all students with at least one year of French so that they may learn more about French customs, language, and culture. Meetings every month combine social events with interesting French speakers. Early fall activities included a picnic at Lake Storey, and a Fondue Party. Winter activities consisted of a Christmas Caroling Party at the Cottage Hospital and Mardi Gras in January. During Easter Vacation, many students had the opportunity to travel to France and experience the customs of Paris. Students who wish to, may attend a French Camp in the Spring, where students from the area speak French all weekend. Spanish Club Initiates Active Year

Jane Burke serves as the president of the 1973 Spanish Club. She gives guidance to the students that wish to learn more about Spanish other than just the basic language. During the year, they are given opportunities to hear talks and to see slides of the Spanish speaking countries. This club is open to the student with at least one year of Spanish so that they may learn the language more fluently. One of the main goals of Spanish Club members is to be admitted into the Spanish National Honor Society. Students with special interests in the field and those with high grades only, are admitted into the SNHS. The new officers of the next year are elected at the banquet.

SAE has one of the largest memberships in the school. Formerly known as FTA or Future Teachers of America, the club is open to any student planning a career in teaching or special education. This club offers a fine way of learning what teaching may be like, and an opportunity for having fun at the same time. After the initiation of new members, there are many efforts to keep them interested and involved. Well known educators are invited to attend the meetings and advise the members concerning the teaching profession. Among other activities that involve the members are talks from exchange students, panel discussions, and films. The release from school for the annual field trip, the spaghetti dinner, and Christmas party are looked forward to by many of the students. Some of these students have the opportunity to visit various schools and observe teaching techniques. The annual SAE banquet completes the club's activities for the year, and the coming year's officers are announced. Debbie Hillman held the president's position, and Mrs. Roehlk and Mrs. Moore, SAE sponsors. This year Galesburg hosted the Annual SAE convention.

Arte Clubbe Adds Beauty to Surroundings

Faculty advisor, Mr. Crown, with the assistance of Dean Hawthorne, president, met once a month to discuss plans for Arte Clubbe. The year's activities began with a picnic at Lake Storey. The requirement for entering this club is the submitment of a portfolio of five works; judged by current members. The club also aided in supplying Christmas Concert and Reflectavue decorations, as well as helping out in other artistic ways throughout the school. Fund raising plans included a rummage sale, an arts and crafts sale, bake sale, and selling candy hearts. Future plans consist of building a fountain in the Learning Center court, and a field trip in the spring. The year ended with a picnic were next year's officers were announced.

FRONT ROW: Mr. Burris, M. Brown, B. Parker, G. Cox, D. Phillis, G. Whitlock. BACK ROW: T. Rowen, D. Halpern.

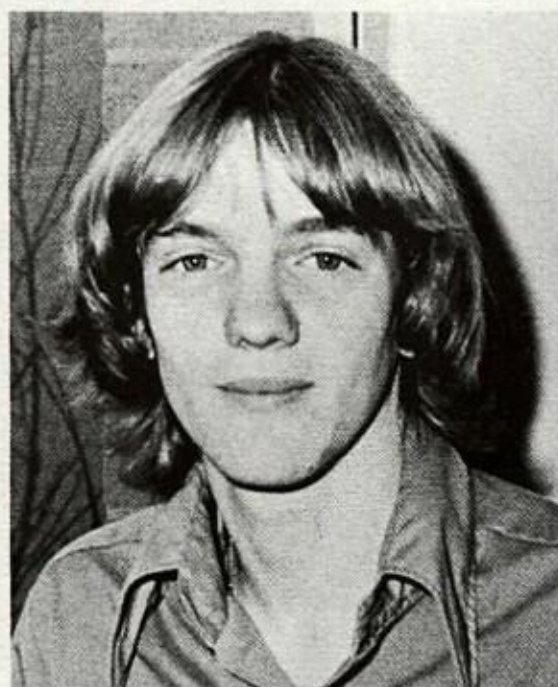

Debate Club is a competitive organization in which the members participate in practice and contest debates. A course in debating is also offered to students who are interested in learning the valuable art of talking in front of large audiences. The debate issue was, "All government financial support for all elementary and secondary education should be provided exclusively by the Federal government." The year was highlighted by the novice team's victory at the Kewanee Invitational Tournament, where they took first place. Both varsity and novice teams attended a number of tournaments.

REFLECTOR

It all started last summer as many an hour were spent diligently (well almost diligently) trying to figure out which direction to step toward for theme, structure, and format of Footprints 73. After we gave that up, we began to gather, page by page, the necessary components for the yearbook, such as pictures, cutlines, copy, and finally layouts (not necessarily in that order). Much effort was spent on typing, correcting, writing, correcting, phoning, correcting, and organizing the yearbook (and correcting). But as the saying goes: "All work and no play makes for cross-eyed, ulcerated, and extremely grouchy editors." So a few follies were mixed with the work when possible, and sometimes even when not possible.

Diligent Sophomores Serve Reflector

I can never get the hang of filling these darn boxes.

Although the sophomores are sometimes looked upon as the "underdogs" of the staff, they play an important role in making money for the REFLECTOR. With one of the largest sophomore staffs in many years, they were able to help out with selling ads along with the regular job of working at concessions. Responsibility, eagerness, and dependability are just a few qualities of these students from whom future editors will arise.

Happiness is selling Reflector concessions.

A few select students serve as Audio-Visual Aides in assistance to Mr. Griffith. These students are familiar with the operation of movie projectors, tape recorders, record players and other electronic aspects of the Learning Center. They also supervise the use of the video-tape machine. The Audio-Visual Aides are a valuable asset to the students and the faculty of G.H.S.

Librarians Provide Aid in Learning Center

This volunteer group of girls work in the learning center during the day, and before and after school. Along with checking out books, they shelve the books, run errands, accept fines, and send overdue notices. These Student Librarians are always willing and ready to assist students in finding materials.

Camping Club Enjoys Wilderness

Another new organization this year, led by Mr. Ernst, is Camping Club. The club consists of thirteen members that are interested in camping. They learn better techniques and more efficient ways to make camping easier and more enjoyable. Although weather interfered in a lot of their activities, they still managed to travel to the State Forest and other campsites throughout the state. Future plans for the club include a camping trip to Starved Rock planned for March. Jim Morris provided leadership for the students.

This year, the two primary goals of Pasteur Society were to increase the membership of the club and to increase the activities of the club. Both goals were successfully attained. The membership increased from two members to fourteen. The activities of the club were also increased, especially during the second semester. Activities this year included a field trip, a picnic, and having several teachers explain their Master's Theses to the club.

Pasteur Society is open to anyone interested in science in general, with emphasis on biology and chemistry. Bob Hacker served as president of the club this year, while vice president Debbie Allen will serve as president for the coming year. Mr. Maurizi serves the club as Faculty Sponsor.

SEA Helps to Improve Environment

Students for Ecological Advancement is an awareness-oriented club that seeks to improve and study the local ecology. Members of this group are students who understand and try to preserve our habitat. This group limits itself not only to studying pollution, but all aspects of ecology. Many projects have been undertaken this year such as a slide presentation, photography contest, field trips, and lectures. SEA was given a 6 acre piece of land which they have been developing into an "Ecological Study Plot." Here GHS students can study wildlife aspects of ecology. The club, of course, has limits in what it can achieve, but a new beginning is what tomorrow, and SEA are all about.

Another organization that is open to all students interested, is Pep Club. Students of the Pep Club sell memberships to all new students who wish to participate in arousing spirit and enthusiasm from the crowd. To promote this spirit, the club sponsors buses to out of town games with members of the club getting reduced rates. Pep assemblies were held to spark enthusiasm. The sale of candy bars was held to increase funds of the club. A pep section in the middle of the crowd spreads inspiration throughout the viewers. A new addition this year was Silver Chief and Wamatosia, in hopes of creating more zeal from the crowds. To name the princess, a contest was held with a prize awarded to the winner. Joyce Smith acted as president of the club, as Mr. Porter took the position of faculty advisor.

I'll flip ya for it.

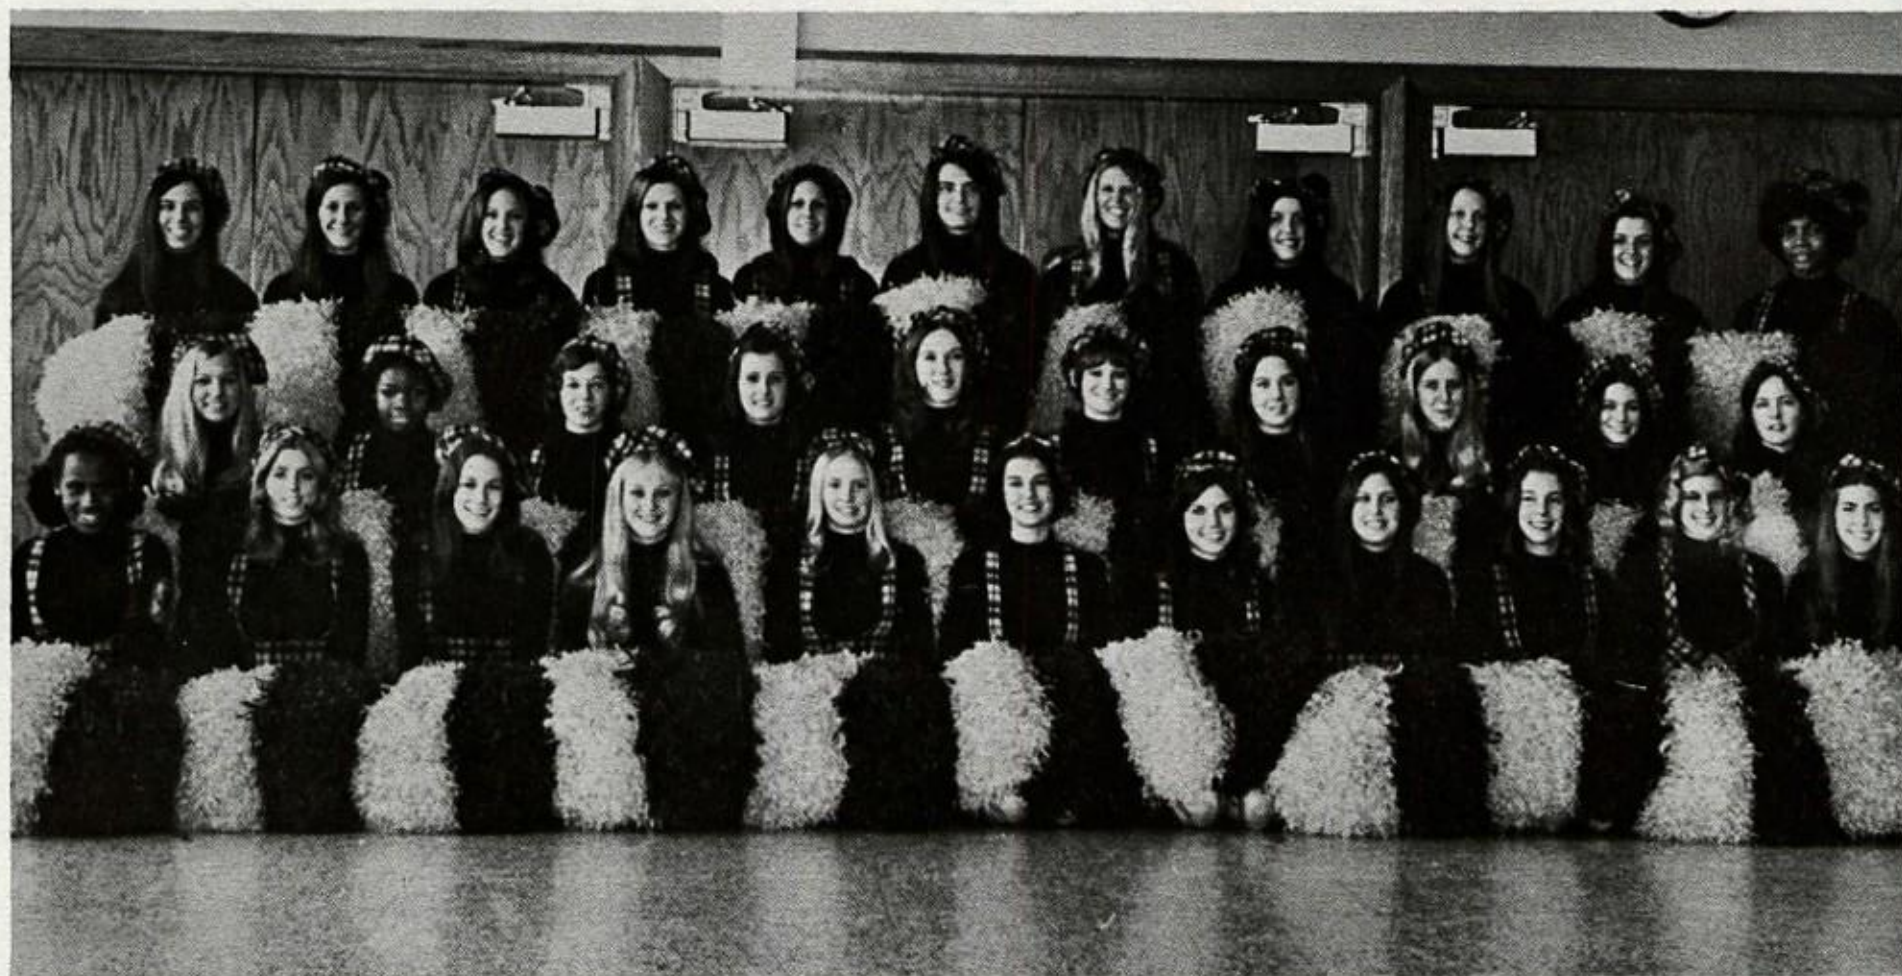

When the Streakettes began in 1964, they were a great success, and nine years later they continue to be so. Fall tryouts, coached by Mrs. Rosine, give the girls a chance to show their ability in strength and co-ordination. It takes many hours of vigorous practice before the Streakettes reach the perfect form and timing for which they are so well known. The girls display co-ordination during half-time at home basketball games and at pep assemblies. Their appearance in the annual Reflectavue has become traditional with their precise individual stunts and group routines. The Streakettes perform for many different organizations throughout the state; entertaining to both students and adults. The success of these girls not only requires skill and coordination, it also necessitates strict discipline and cooperation from every one of them.

Gadets Entertain Attentive Audiences

Gold and black costumes are the basic attire for the Gadets. The stamina of the girls to parade smilingly around a frigid football field in a short-skirted costume, while the coatclad fans are shivering is unbelievable. The girls are selected in the spring, based on their precision marching, rhythm, appearance, and coordination, among other things. These girls are highly trained so they may provide the students with the best entertainment possible. Parades, assemblies, half-time entertainment, along with a part in the Reflectavue, gives everyone an idea of the busy schedule that these girls have. Many routines are learned in order to participate in competition throughout the states. In January, the Gadets had the opportunity to perform during half-time at Grace-land College. The captains and Mrs. Harlacher help the girls to learn their routines and get the right movements

The Future Homemakers of America and Home Economics Related Occupations continue to carry out activities to improve self, family, school, and community relations. Money making projects included Yum-Yum Shoppe, grapefruit and orange sales with the FFA, and serving the Section 4 FFA Leadership School Banquet. The chapter sponsored a Korean orphan, donated cupcakes for the Red Cross bloodmobile, visited Research Hospital, held a craft night and family potluck and assisted the GSL with the open house for new GHS girls. FHA-HERO held a Christmas Tea with faculty, students, and public invited. Springtime events were the Sweetheart Swirl and a field trip to Chicago. FHA-HERO delegates attended the spring convention in Springfield. The group is under the leadership of Mrs. Janis King, advisor and Linda Reynolds, president.

The Future Farmers of America continue to "Unite Youth With Opportunity" as they carry on their activities. The primary goals of the FFA are to develop character, leadership, citizenship, scholarship and cooperation. Members have participated in local, section, state and national contests. The Galesburg Chapter received the State BOAC Award for their services and projects in the community and landscaping the learning center. They also sent delegates to the National Convention in Kansas City and the Illinois FFA Convention at the University of Illinois. The members exhibit their projects at the Section IV Fair in the summer competing with members from four surrounding counties. The National FFA President, Dwight Seegmiller, visited Galesburg for a day which will be remembered. The climax of a busy and rewarding year for the Galesburg FFA Chapter was the annual banquet held in the spring.

National Honor Society

National Honor Society is a group of students chosen by the faculty on the basis of their performance in the areas of leadership, scholastic abilities, and involvement in school activities. The requirements to obtain a membership of NHS is a "B" average, character and active participation. Twenty percent of the Seniors and five percent of the Juniors are chosen for one of the highest honors in the school. Both an induction service and banquet are held to honor these outstanding students. The presiding officers are Robin Stout, president, Debbie Spiker, vice president, Martha Tolley, secretary, and Mike Ostrander, treasurer.

Stage Call is the drama club at GHS. It is one organization where membership must be earned by either appearing on the stage or working backstage. Sponsoring the plays and creating an interest in drama are the two main purposes of the organization. Initiation is held in late winter. In the spring a joint banquet with Thespians is held where the year in theater is reviewed and awards to the best actor and crew members are given.

Lighting Crew Illuminates Stage

The students behind the scenes are the lighting crew. Special effects, spot lights, and other lighting is handled by these students. The crew is needed whenever a production is put on in order to make it successful. Although they do not get the recognition that they deserve, everyone should know about these boys behind the scenes.

Student Actors Honored in Thespians

Membership in Thespians is the highest honor any school can give to its actors and stage technicians. The members of this international dramatic society are a select group and have worked many long hours on stage and back stage to put together the theatrical productions at GHS. They are responsible for keeping up the interest in the dramatic arts and for providing the ushers for the plays. Reader's Theater, the midwinter production, was a major project of the Thespians this year. In late spring an induction is held and the next year's president is announced.

Cheerleaders Encourage Fans

Typical fall weather of cold and rain was not enough to hamper the Varsity Football Cheerleaders. They always appeared lighthearted and enthusiastic and their bright faces and attitudes encouraged the crowds. These girls led the fans in cheering the Streaks on to victory under all types of conditions. Coached by Mrs. Rosine, they performed at pep assemblies as well as all football games. The cheerleaders were especially busy during the Homecoming weekend, taking part in the parade, surrounding the bonfire and leading the cheers for the spirited Homecoming game fans. The precision and endurance of these girls is evident in all their efforts and they are deserving of much praise.

Next to the Varsity basketball players, the best known high school students in this basketball minded town are the Varsity basketball cheerleaders. These cheerleaders spark enthusiasm throughout the crowds at home and away. The squad, coached by Mrs. Rosine, perform precision cheers and stunts. Through long and hard practice sessions, these girls show their great amount of cheerleading ability and deserve credit for much of the school's sportsmanship and enthusiasm. It takes a great deal of courage to be happy and bouncy under all conditions. The pep and refreshing appearance of this group is a credit to the school and a promise to carry on the proud tradition of fine G.H.S. cheerleaders.

Lab Assistants Aid In Chemistry Classes

Terri Adams, Ed Pscheidt, Gail Bocox, Dave Suryk.

The chemistry department is endowed with several hard working students that assist Mr. Spencer and Mr. Self in the lab. Some of their tasks include typing, cleaning equipment, and preparing solutions for use in chemistry experiments. Lab assistants also help other students complete assigned experiments efficiently. Tests are checked, errands are run, and attendance is taken by these capable students. The highlight of the year is the Christmas dinner given by Mr. and Mrs. Spencer with all the high school lab assistants invited to attend. This group of lab helpers is an essential addition to the chemistry classes.

The office secretaries are most fortunate to be aided by several office cadets each period. These students volunteer their services as assistants in the office. They run errands, collect attendance slips, record absences, answer the telephone and take messages. Office cadets perform these duties with cheerfulness and accuracy. Deans and teachers are grateful for the paper work done by the cadets. Without the valuable help of the office cadets the school would not run as smoothly.

These girls, who are strategically stationed throughout the entire gym, are on hand at every basketball game to help the viewers find their seats, and deliver messages for the officials. They're eager and willing to give aid to confused newcomers to Galesburg High's Silver Streak basketball games. The girls rotate the nights in which they usher so each girl may have her chance to act as a spectator. The rewards for being an usherette are getting choice seats at the games and being invited to the "G" Club banquet in the spring.

Offers a Helping Hand

The kickoff this year was the annual style show given to the sophomores and the new girls to the high school, showing the appropriate styles for the coming year's activities. This year, the girls who desired to be a representative of GSL submitted their names to the cabinet. The club's membership is open to every girl in the school. Some worthwhile community activities that the group engaged in are the baking and packing of cookies for nursing homes, and a party at the Research Hospital. Supporting a Korean girl, Ki Myung, through nursing school is one of the club's most honored responsibilities. GSL serves the school by sponsoring a monthly calendar of the birthdays of GSL members and by compiling student directories. They also sponsor the Pigskin Prance, which is the first after-game dance of the season. Mrs. Byram is the advisor of one of the most active and one of the largest organizations at GHS. The Girls Service League closed the year's activities with a banquet in the spring.

Students Gain Experience Through Work

The many students that are enrolled in the various work programs have the opportunity to develop on-the-job skills. Among these programs are Distributive Education, which deals with some phase of retailing. Office Occupations enable girls to work in an office atmosphere. Diversified Occupations emphasize the worthiness of trade, industrial, and technical occupation skill. Food and Health Occupations gives the students the opportunity to increase their skills for further employment. All of these juniors and seniors attend classes in the morning and return to their prospective working stations. The work programs give these qualified students an opportunity to prepare themselves for the future working world.

Members of the Symphonic Band work hard all year long, preparing and "woodshedding" for concerts and marching performances. They execute various maneuvers in their football shows at half-time and march in several parades throughout the year. They participated in marching competition at the University of Illinois. The band competes annually in State Contest where they are judged on three selections and sight-reading. Many individual members also enter the State Solo and Ensemble Contest.

The Symphonic Band also provides accompaniment for various activities. The Pep Band, which is composed of Symphonic Band members, plays for pep assemblies and home basketball games.

Twenty-two Jazz Band members contribute much time and energy preparing themselves for performances. Although this band meets in an elective class hour the members receive no credit. The music of Jazz Band is basically jazz and rock with a few "old standards" mixed in. Performances include regular concerts as well as for many community organizations. One highlight of the year comes as the Jazz Band competes in a jazz festival at Oaklawn. This year they received a superior rating. Joe Morello, a highly acclaimed jazz musician, fronted the band with a clinic in February.

Band Members Train to Improve Skills

Band Members Rehearse for Concert.

This year's Concert Band is under the direction of Miss Cindy Leonard. Concert Band meets the same time as Symphonic Band and occasionally attends joint rehearsals for concerts. This band is a training band where students work hard to improve their individual skills in order to graduate to the Symphonic Band. Concert Band performs at the annual instrumental concerts and also marches in the Homecoming Parade. The band members are also eager to help Symphonic Band earn money in their various money-making projects. Besides raising money for the bands, the students have collected for the Heart Fund for the past two years.

Girls Chorus Displays Talent

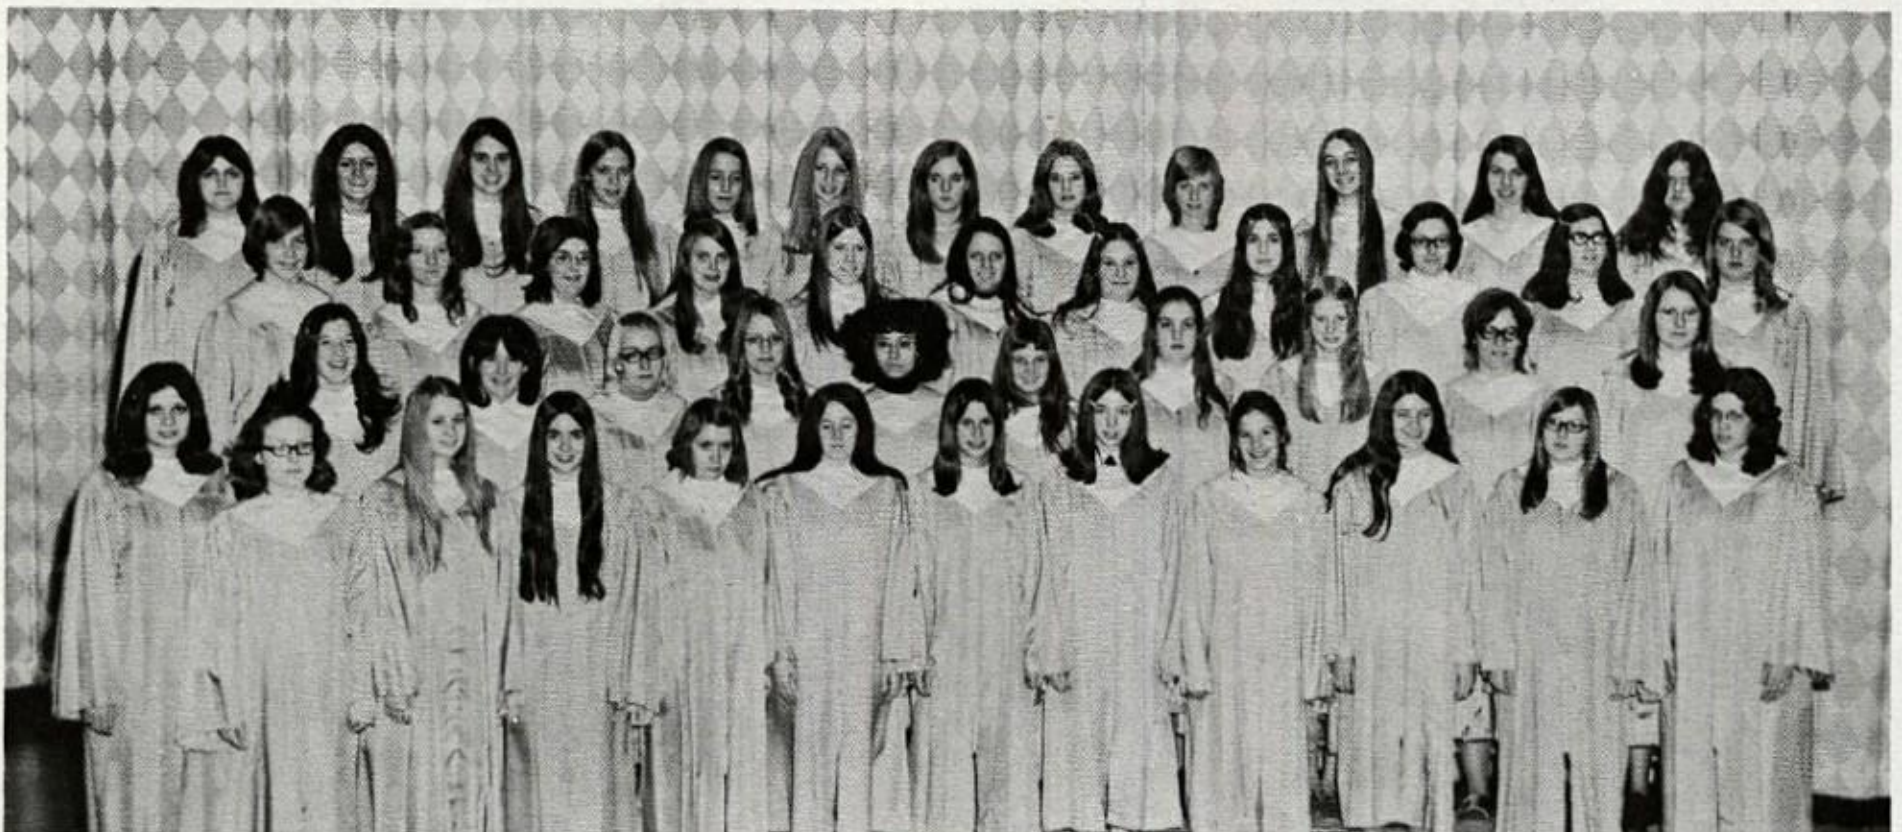

This year Mrs. Graffouliere, for the first time, has combined both classes of sophomore girls into one class which consists of ninety-eight girls. They appeared in the fall concert, Reflectavue, doing "Hit the Road" which set the theme and opened the show. They also appeared in the Christmas Concert and in the Holy Week Services at Easter. They visited an outlying school and sang in the Spring Concert which made up the rest of their activities. There are three ensembles from this choir which appear in all concerts and sing for various civic organizations in town. The top singers from this group will by-pass Concert Choir and go into A Cappella. The remaining girls will go into Concert Choir. Keep those voices coming.

A Cappella Follows Footsteps

The A Cappella Choir started out the year with the fall concert, including a number in the annual Reflectavue. A Cappella Choir members gave the audience the refreshing sound of the rock opera, "Godspell." The winter concert was the next step on this choir's busy schedule. Along with a few Christmas carols, the "Song of Christmas" was presented. This year's musical production put on by the A Cappella Choir was "Fiddler on the Roof." The final main concert given by the choir was the Spring Sing. Throughout the school year, members of this singing group gave short concerts for the local junior highs, a few clubs, some area high schools, and the State Research Hospital. This group of young people contribute greatly to the community with their vocal music.

School and Community

Three musical outlets of the A Cappella choir are the Senior Ensemble, Singing Streaks, and Girls Ensemble. The members of these groups were chosen on their ability to blend and sight read. Many local clubs and organizations are entertained by the vocal groups during the year. Homecoming featured the Senior Girls Ensemble, and the Singing Streaks. The Singing Streaks also sang at Winter Formal. Matching outfits are worn by each group every time they make a singing appearance. New songs are learned within a short time and add depth and variety to their performances. In the spring a dinner is held in honor of these three ensembles and their director, Mr. Hegg.

Many hours are spent each day after school by girls engaged in sports. The Girl's Athletic Association offers girls the opportunity to participate in their favorite activities. The members are busy earning points for membership, local and state awards, as well as having fun with old and new friends. In the fall, the annual Kick-Off was held to introduce sophomores and new girls to the varied activities. Fall brought field hockey, bicycling, and archery. During the winter, girls participated in volleyball, basketball, bowling, table tennis, badminton, and roller skating. A new activity this season was self defense. Spring sports included softball, golf, and track and field. The Penny Prance, an after game dance, provides a source of money-making for the year. The year is wrapped up with a Mother-Daughter picnic where awards were presented and new officers were announced.

Boys' Forum Initiates Bowling League

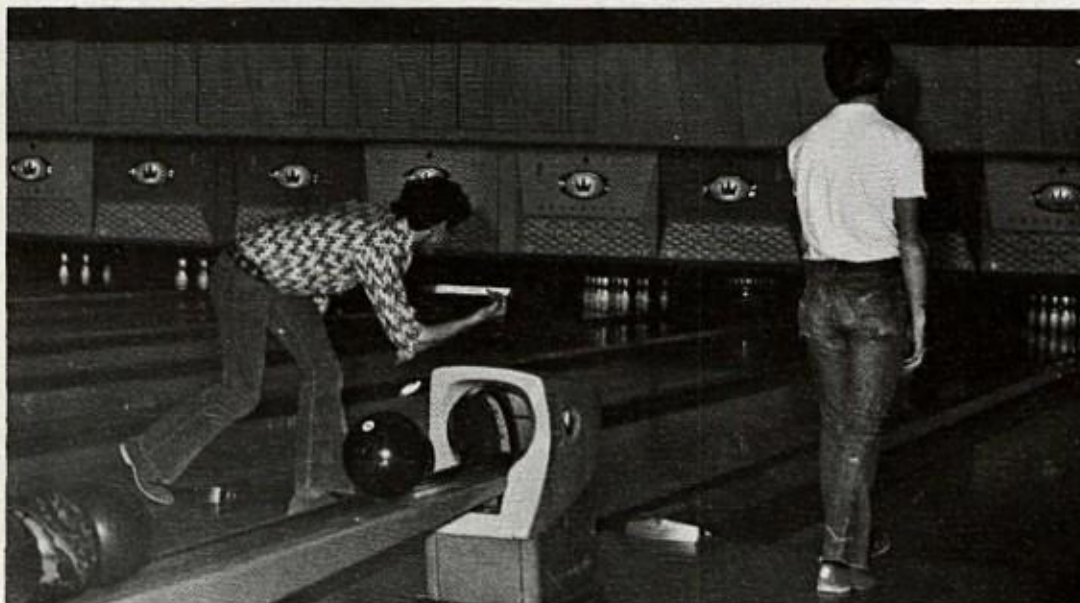

Just as the Girls Service League strives to assist those who need help, the Boys Forum is an organization designed for the same purpose. The Boys Forum gives financial assistance to various school projects. Their funds are obtained by managing the pop machines. Bowling, once a week, was added this year as a second semester activity. Although students hear little about what the Boys Forum does, it is nice to know that this group can be depended upon when their help is needed.

This year Fencing Club was invited to compete in the State Invitational which determines the state champion fencing team and individual. They were led again this year by Dave Thomas as President and Instructor. Last year we had hopes of going to state but did not make it. This year they have trained with anticipation of the competition by practicing after school three days a week for 45 minutes. This practice is supplemented by fencing at home and exercises to prepare for the meet. This year the State Invitational will be held March 8, 9, and 10 at Champaign, and they will be competing against ten other schools from around the state.

An Impressive Season

Spring brings varied thoughts at GHS. In March of 1972 a dedicated group of athletes turned their thoughts to baseball. Coach Beal's team was considered dangerous by all opponents last season and compiled an impressive 15-3 win-loss record. All three losses were by mere one point margins. A highly successful regular season of play was followed by district action which included shut out wins of 19-0 over Alwood and 10-0 over Williamsfield. In the regional the team continued with a decisive win of 7-3 over Alleman and a 7-1 victory over Walnut. Sectional play began with a 4-0 shut out against Camp Point, but the squad ended the season with a heartbreaking one point loss to Canton.

I said I'd leave.

Tracksters Break Standing

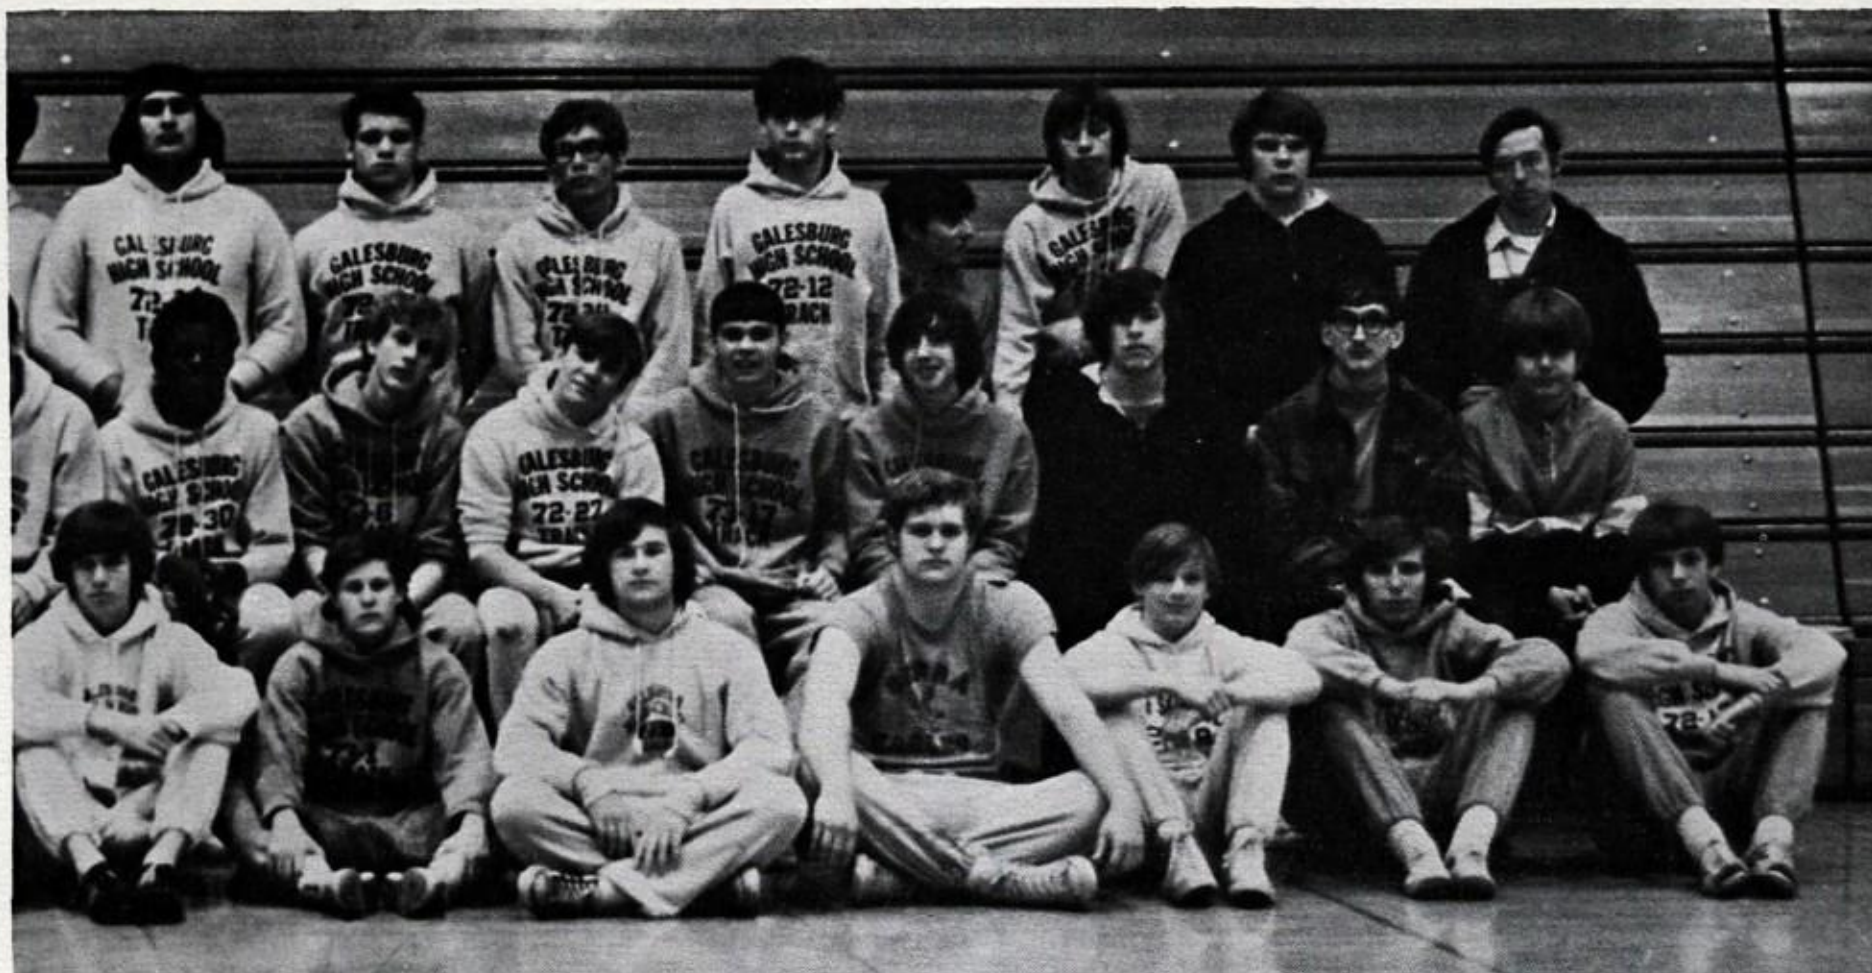

Are you sure this is the way to the Olympics?

The 1972 track squad began the season with an impressive triangular meet victory over Monmouth and Canton with a score of 70-36-27. The tracksters finished first at the Geneseo Invitational, but were in fourth place at the Monmouth Relays. The Streaks suffered defeat at the hands of Moline (161-68). Varsity and sophomore GHS trackmen took first place honors in the Illini Conference and both teams captured a fourth place standing in the tough Western Big 6. The squad placed second in the district when 31 schools participated. A district record (1:31.5) was set by the 880 relay team (Schluter, McKenna, Mayberry and Stacey). A second district record (3:27.6) was compiled by the Streaks relay team (McKenna, Icenogle, York, and Tracey). Individual standouts for the varsity tracksters Icenogle, Logan, Tracey and Wilke, with sophomores Trulson and Stacey also turning in outstanding performances.

Coach Albright inspects the troops.

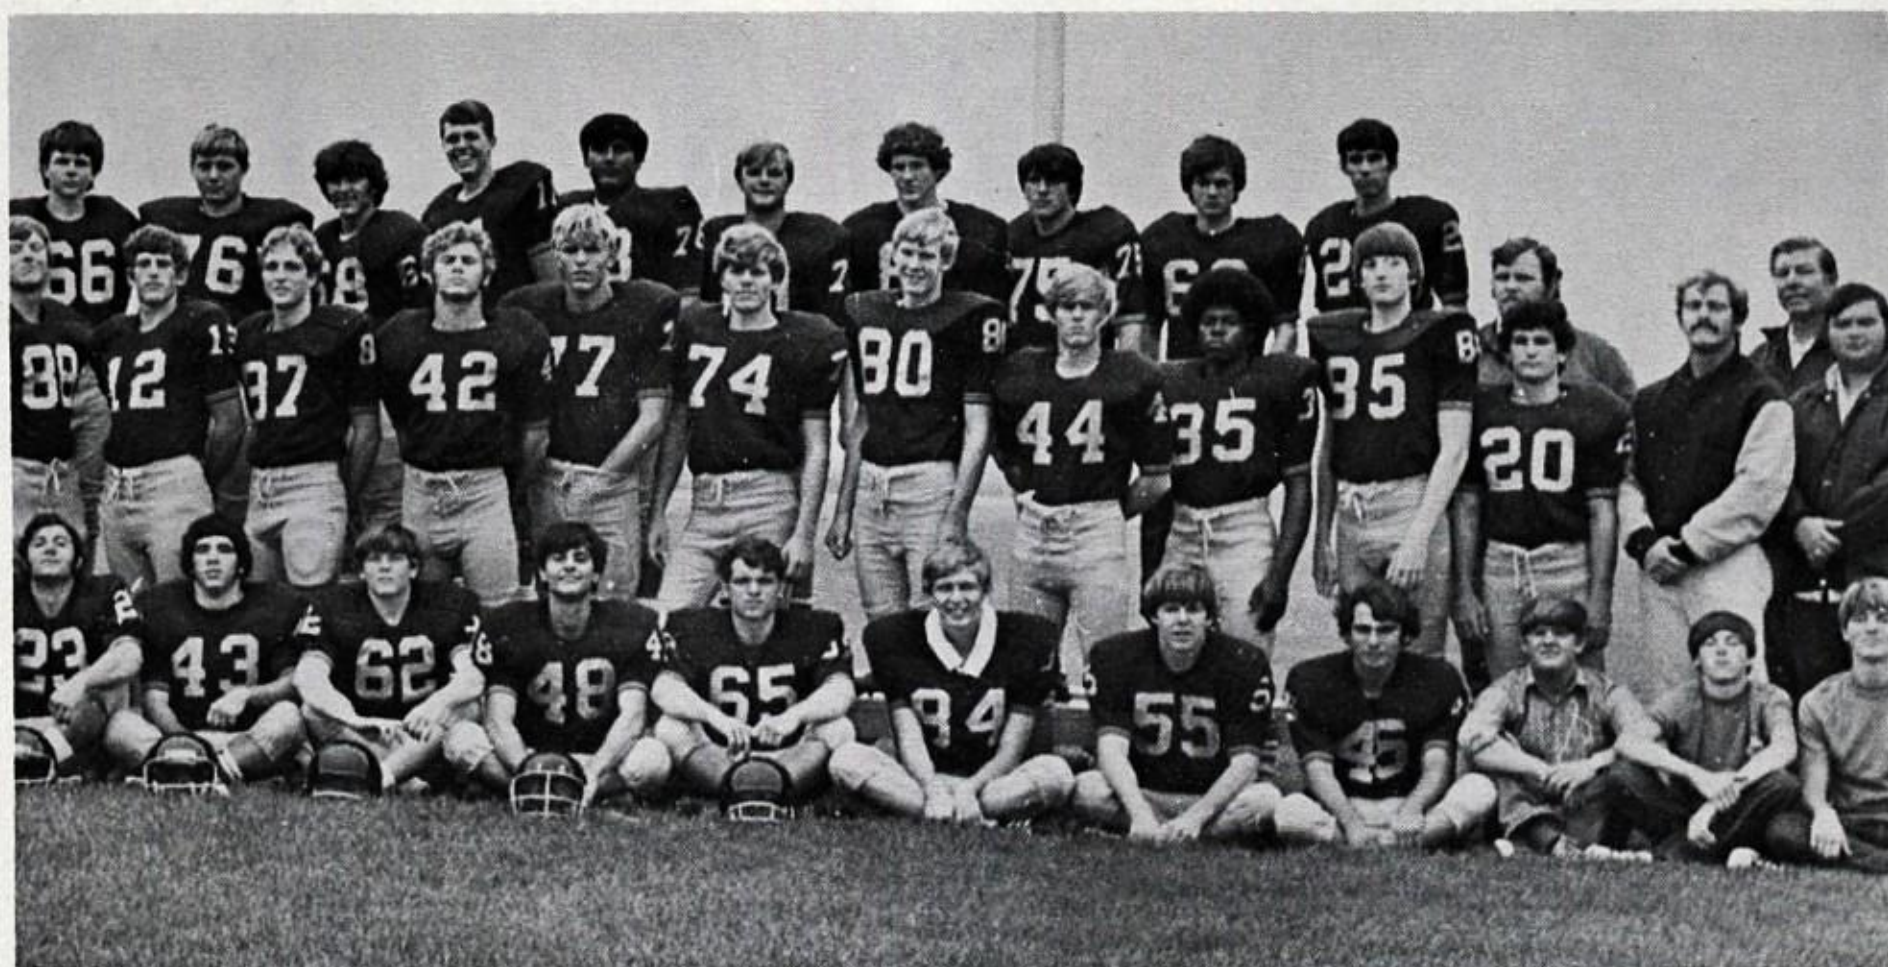

All for a pigskin!

The 1972 Varsity Football Squad, including 15 returning lettermen, anxiously traveled to Pekin for the opening game of an exciting pigskin season. The Chinks fell victim to a mighty "Streak" power machine, as our gridders smashed Pekin 46-6. The Streaks then rolled on to a home stand victory of 38-14 over Rock Island Alleman. Securing a Western Big Six Conference victory, the Streaks, coached by Bob Johns, traveled to Canton for a victory 34-0. The fired up team added the final touch to make Homecoming a success with a win 43-0 over arch rival Quincy Blue Devils. At Moline, the Maroons were defeated by the once again triumphant Streaks 28-23. Galesburg's winning streak was then briefly interrupted by two losses, to Rock Island 25-20, and from East Moline 8-6. The ironmen came back victorious over Kewanee 41-18. "Fill Van Field" for a 7-2 season was the hopes of all except a hard fighting Richwoods team which upset the Streaks 28-6 in the final game of 1972. The Galesburg backfield built around three year letterman Mark Thiel in the quarterback position, assisted by the running power of Dave Bullock, Louis Vitali, and Larry Johnson, and the blocking provided by Mark Bell, offensive player of the year, and many others were driving force behind the successful season. Mike Ostrander was the key man as far as the defensive line was concerned.

Sophomores Gain Experience

Opening the season with a squad of 52 players, and ending the season with 38 lettermen, the Pony football squad managed a 3-5-1 record under the direction of Coach Gene Denisar and assistants. The Ponies traveled to Pekin for the opening game only to tie 8-8. Returning home the squad was upset by Alleman 32-8. The team captured two victories over Canton 22-0 and Quincy 22-14. Two losses came from the hands of Moline 42-0 and Rock Island 27-22. In a close game against E. Moline the Ponies came from behind to win 22-14. The team could not "get it together" as they lost their remaining games to Kewanee 26-14 and to Richwoods 18-8. The Sophomore squad was a hard working group of young men with many very capable players who will be valuable assets to future varsity streak teams.

The 1972 Cross Country Squad finished a fine 7-3 season under the guidance of Coach Ernst. The success of the harriers must be attributed to the long hours of hard work and practice. The Streaks demonstrated their abilities as they scored wins over Quincy, East Moline, Canton, Rock Island, Monmouth, Alleman, and Kewanee.

Second place was captured by the Streaks in the Western Big Six where Doug Hill placed third and Gale Trulson came in fifth. Other placings included third in the Western Invitational and seventh at the Pekin Invitational in a field of 15 schools. In the District, the harriers placed third earning a berth in the Sectional. Here the season ended as the Streaks were stopped cold by strong opponents.

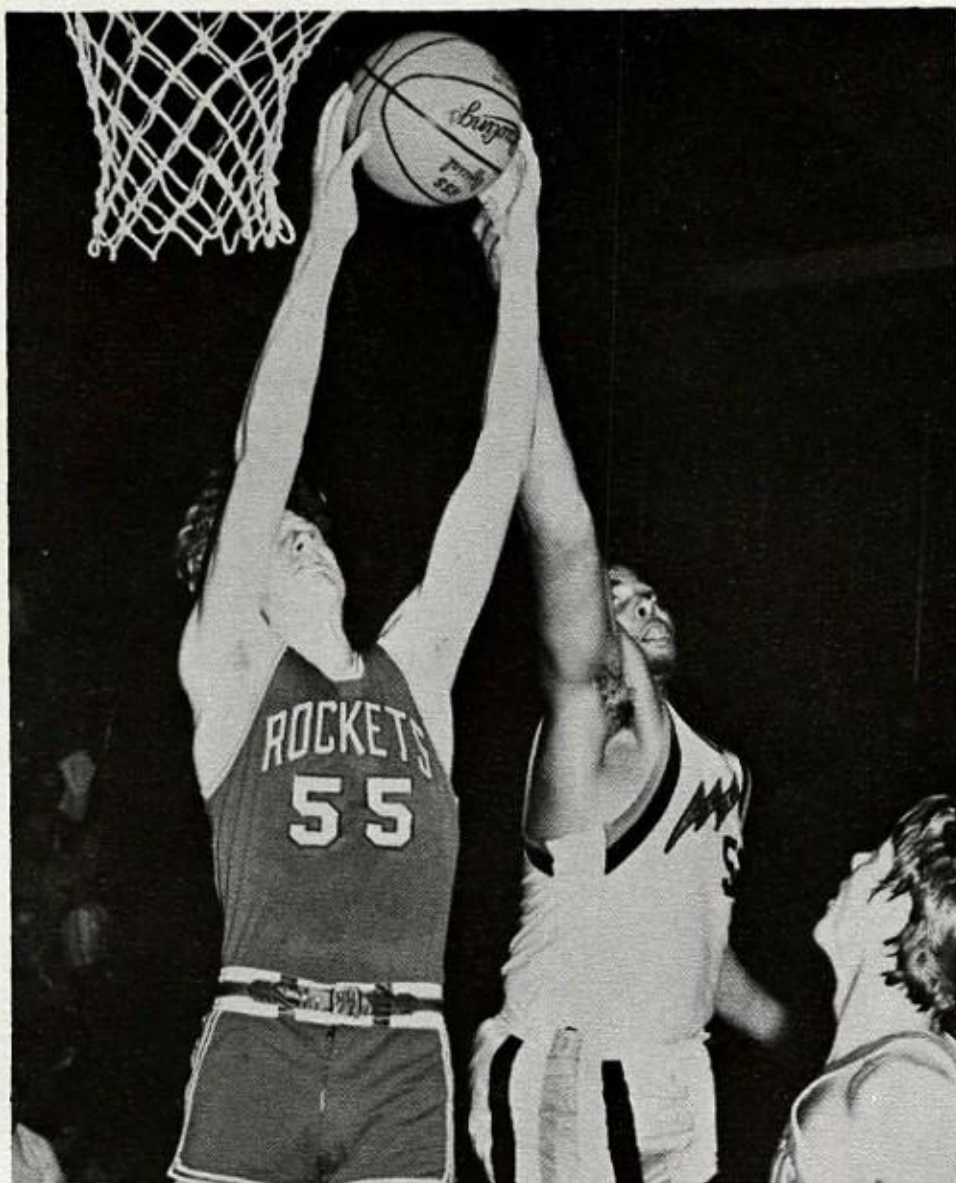

Play'n it cool.

Building his squad around 7 returning lettermen, Coach John Thiel molded his Streak Machine. This season was no exception as the round-ballers compiled a 19-5 record.

The Streaks opened their season with impressive wins over Kewanee, Peoria Manual, and Limestone. The Pekin Chinks proved too much for the Streaks, handing them a 65-63 setback. Four impressive victories followed before losing to Quincy. The Streaks' hopes for a conference title were dimmed by losing to Alleman and Quincy. Ending regular season play second in the Western Big 6 Conference, the Streaks traveled to Canton for Regional Tournament action.

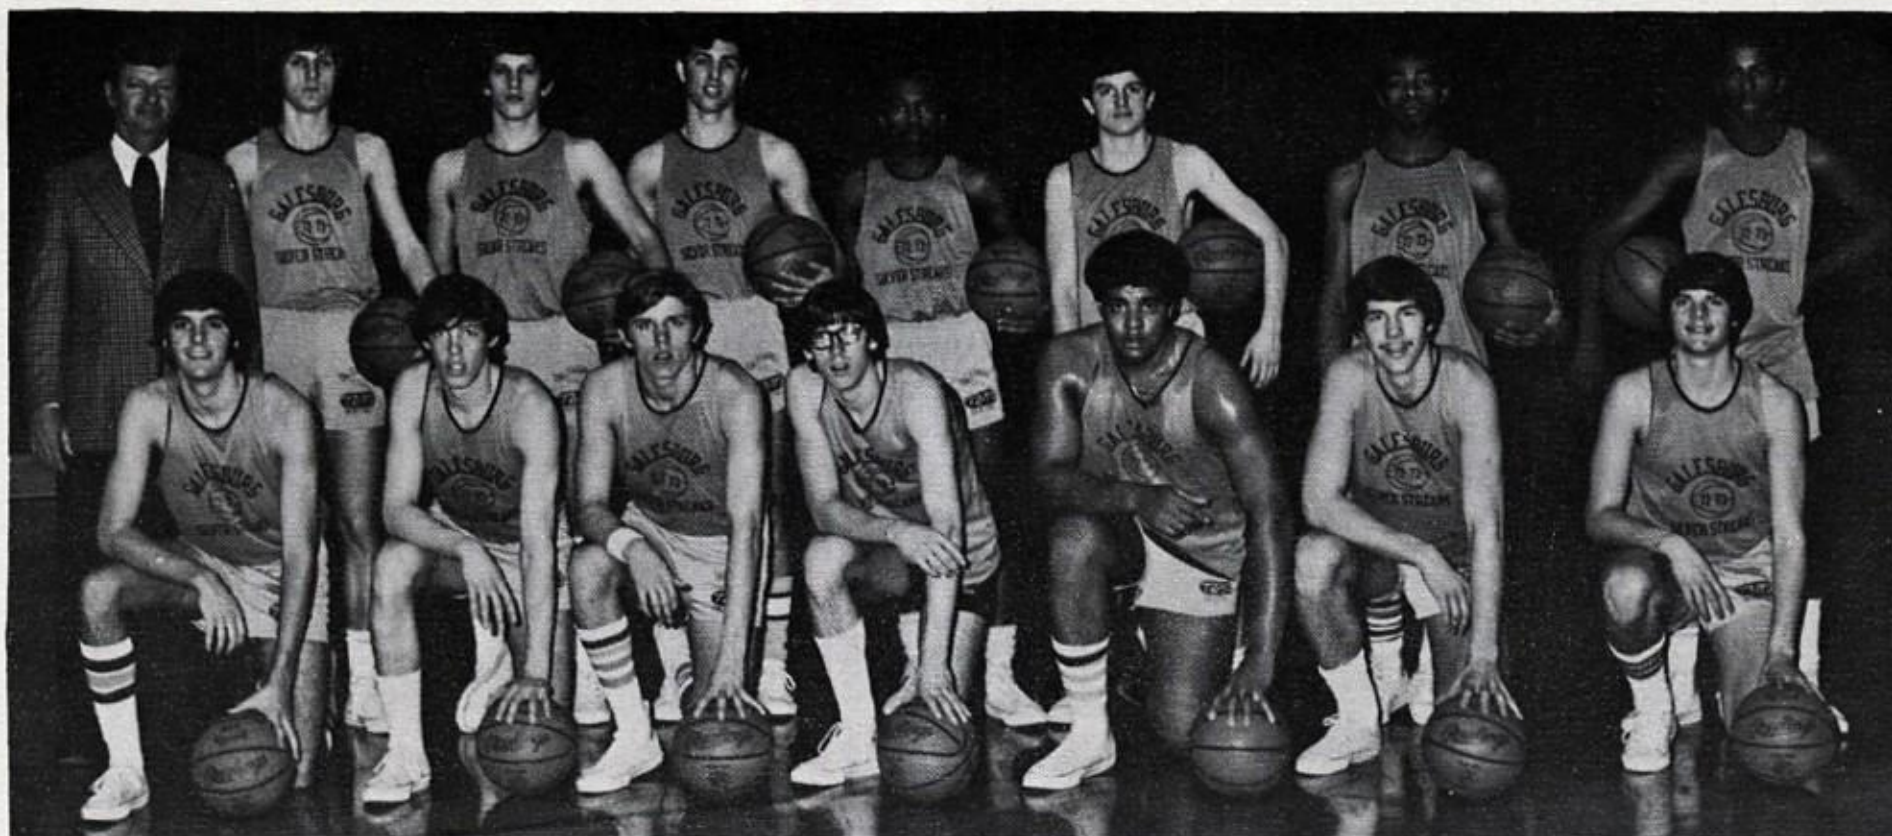

Defeating Macomb 81-70, the Streaks advanced to win the Regional trophy from Limestone 68-57. The hopes of a tournament title came to a halt as the Washington Panthers ended the Galesburg 72-73 basketball season by defeating the Streaks 74-65.

Joe Swedlund, junior, was the leading scorer for the streaks with a 17.7 average followed by senior Steve Mixon with 16.1. Mark Thiel totaled 544 assists in his career to set a new school record. Craig McKenna and Ollie Thierry also turned in fine performances throughout the year.

Coach John Thiel bowed out with a 396-90 record for 18 years as head basketball coach.

With the help, guidance and coaching of Mr. Mike Owens, the Junior Varsity Basketball squad accumulated a 6 and 6 win and loss record for the 1972-73 season. Hard work, long hours of practice and acute determination gave the J.V.'s their 6-6 record. Two of the 6 wins were against the GHS Ponies and two were impressive wins over Kewanee. The other wins were over Peoria Manual and Moline.

Ponies Prepare For Varsity Roles

The 1972-73 Ponies finished the season with a 2-21 record. Under Coach Beal and assistant Coach Bruington, these young men competed with outstanding teams. They participated in the East Moline Sophomore Tournament. The two victories came against Peoria Manual, 77-63 and Monmouth, 51-43. Many ponies displayed talent valuable to future Varsity teams.

Hard work and will was evident of every GHS grappler throughout the season. The matmen compiled a 6-9 record in regular dual meet competition. The many hours of drills and practice were evident as the GHS matmen captured first in the Monmouth Quad Tournament, and the District. The grapplers got off to a slow start as they suffered five losses at the hands of East Peoria, Quincy, Peoria Central, Alleman, and Rock Island. The matmen battled back with 4 impressive wins over Macomb, Kewanee, and Canton twice. The grapplers defeated by Burlington, came back with two victories over Princeton and Peoria Manual before falling to Alleman, East Moline, and Moline. Eight men representing Galesburg advanced from district to the Sectional meet. Prospects for next season look very good with many let-terms and impressive sophs returning.

The sophomore grapplers ended the season with an impressive 7-2 record. Beginning soon after the football season ended, these young athletes began to prepare for the wrestling season. With victories over Peoria Central, Alleman, Macomb, Kewanee, Peoria Manual and Canton twice; the matmen showed a bright future. Worthy representatives of GHS, the sophs placed fourth in Western Big 6 Soph. Conference and sixth in Sophomore Invitational tournament. Receiving first in the tournaments, Joe Noe in the invitational and John Hall in both Western Big 6 Conference and the Invitational. These young men will add much to the future Varsity teams.

Dedicated Managers

These young men are a dedicated group of managers who deserve much credit. They are the people who must issue equipment and be responsible for its condition. They must help soothe the ups and downs in every game and listen to all the gripes. The functions and responsibilities of the managers are very important. The managers added much to another great year of sports at GHS.

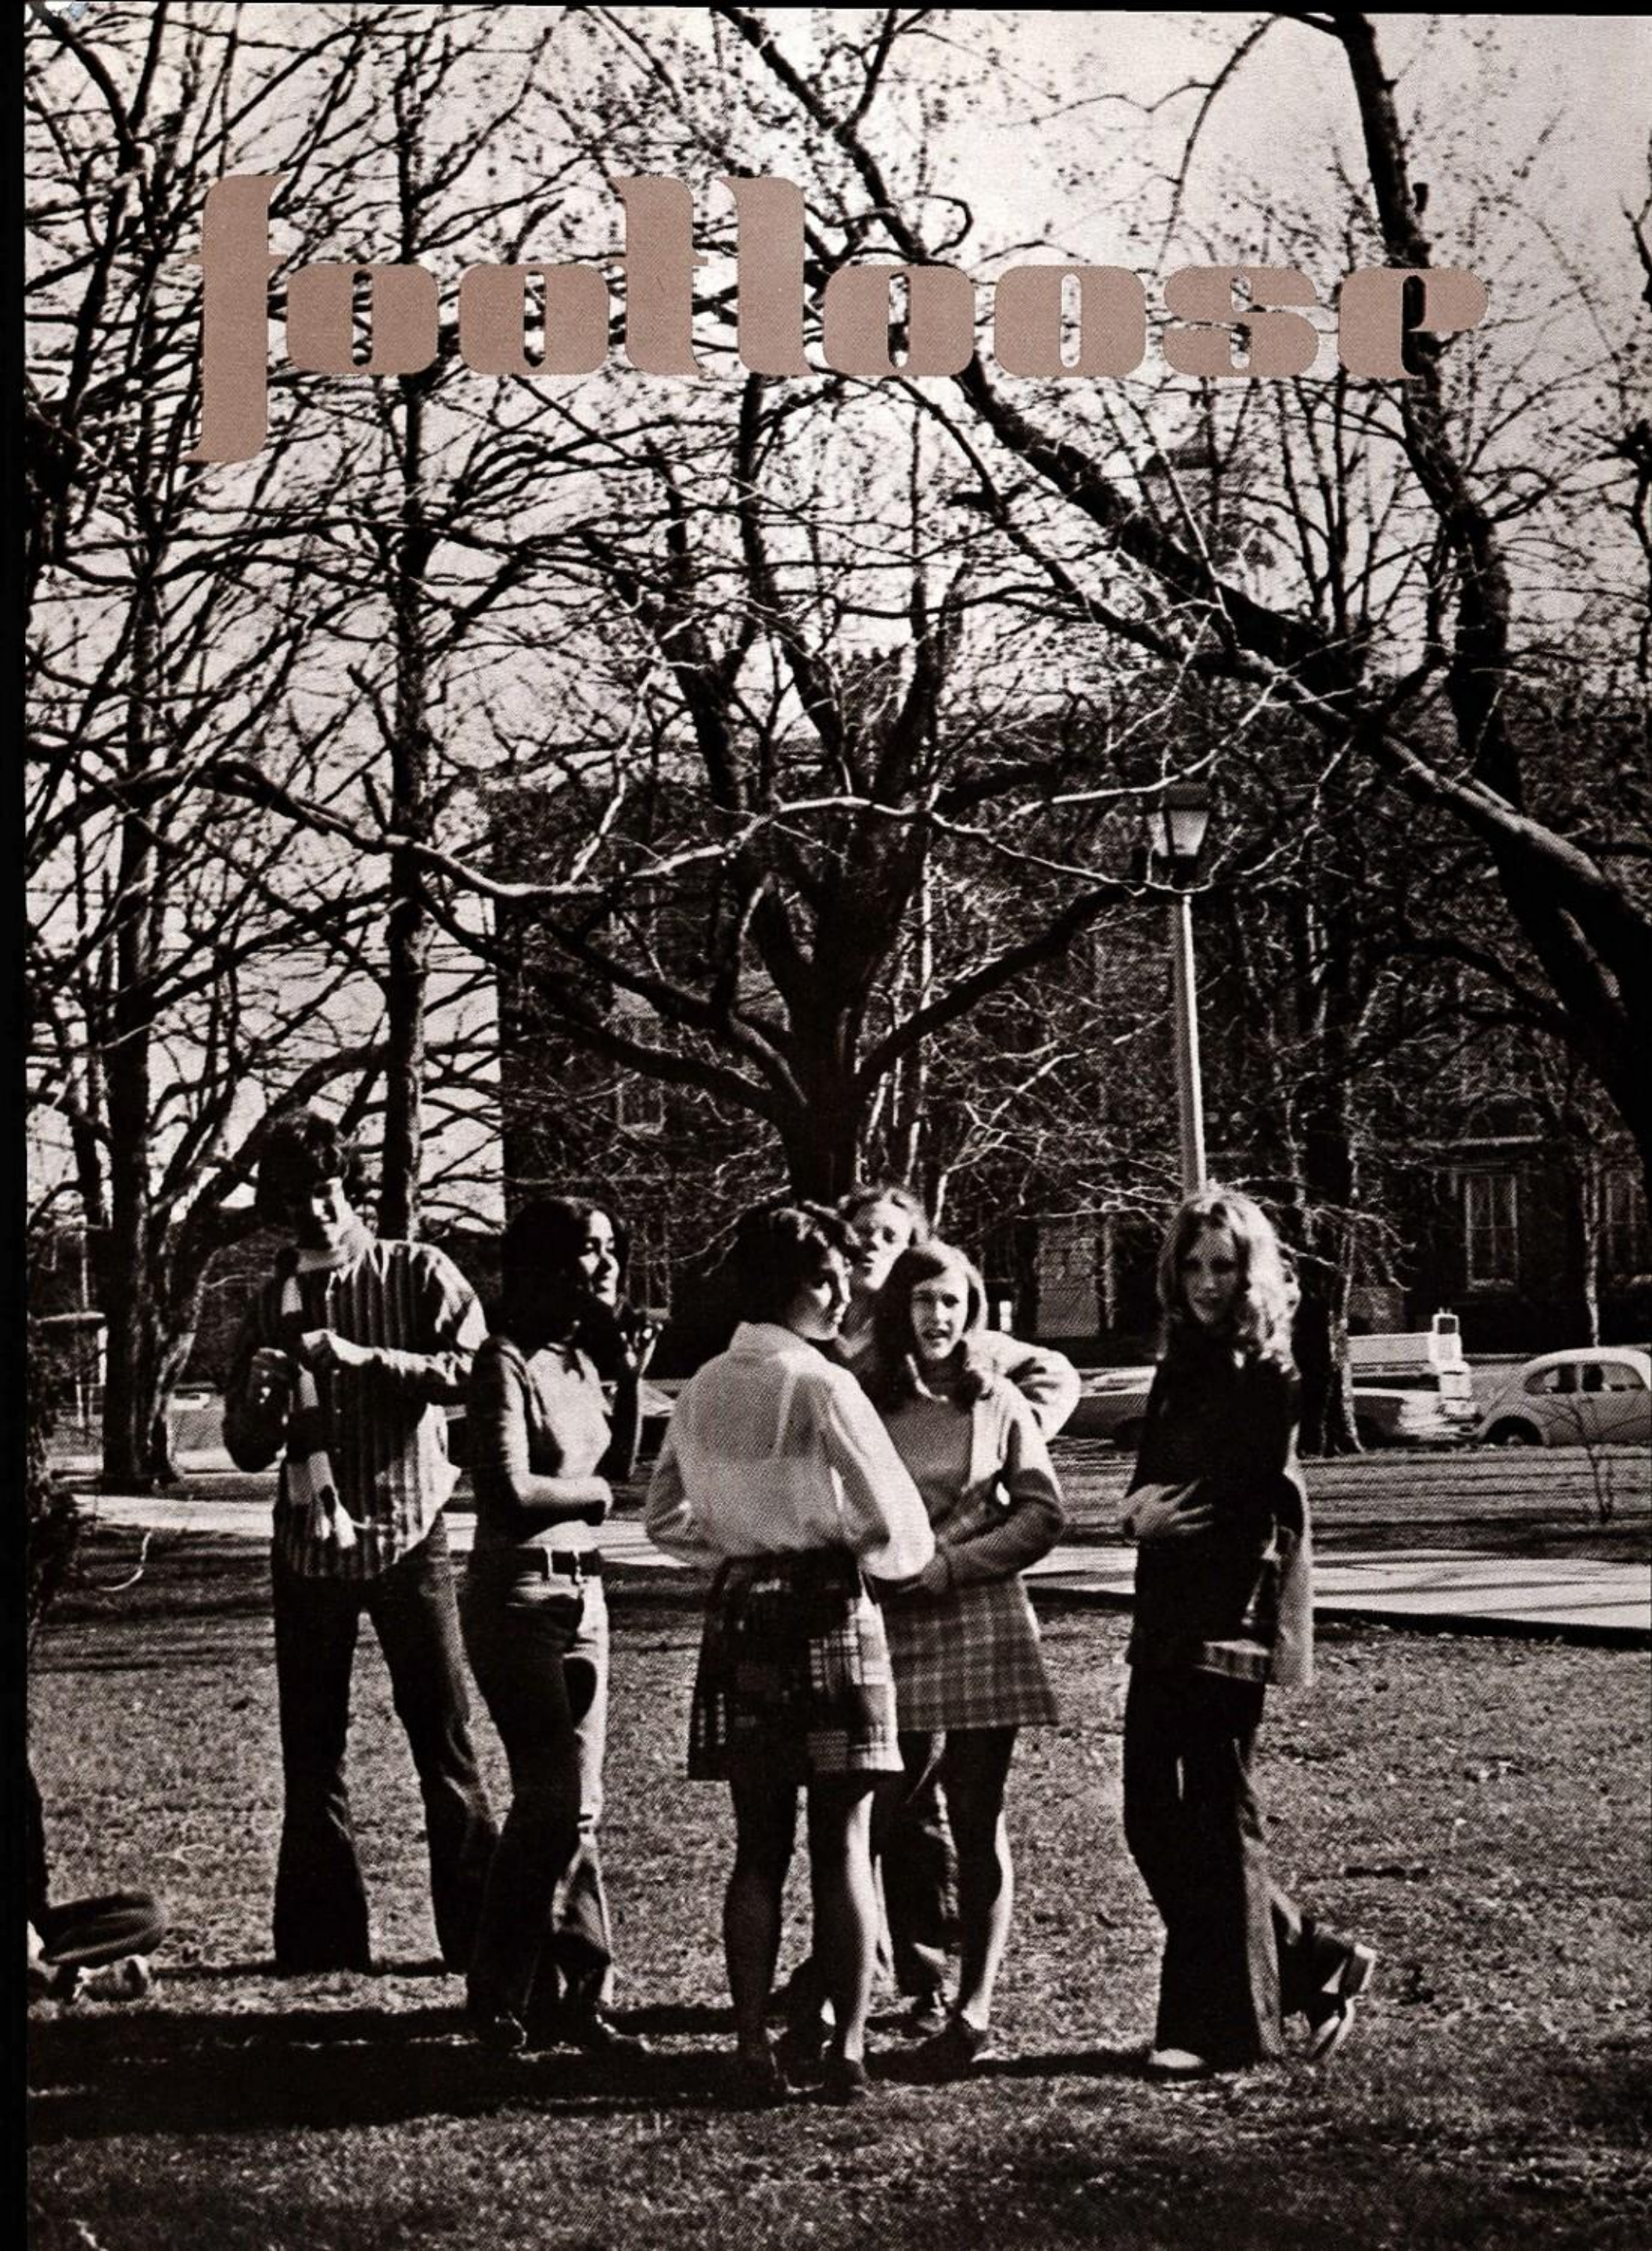

Halpern Honored By Phillips Award

The Gerald D. Phillips award is an award given to the senior, receiving a Varsity letter as a junior and having the highest grade point average of all lettermen. The honor this year was presented to Dave Halpern. Dave lettered in tennis his junior year and is in activities throughout the school.

fall mood

May 25 marked the end of high school for we seniors of GHS. It was a time of mixed emotions for the graduates of the class of 73. We were happy and held a feeling of self achievement, to have completed high school, yet we also held a sadness inside with the thought of leaving classmates and teachers. We reflect upon the many things that distinguish the Senior Class, such as winning first place for our float at Homecoming . . . going hoarse after cheering at exciting football and basketball games . . . cramming for finals . . . slaving over term papers . . . groaning at the sight of cafeteria food . . . parties . . . racking our brains over the ACT and SAT tests on early Saturday mornings . . . playing frisbee in the courtyard . . . dances . . . the pace quickens . . . Spring arrives . . . banquets and picnics . . . more finals . . . graduation . . . and finally Prom. We must now decide, for each of us, which footprints we will follow into the future. As we go our separate ways we will take with us the memories of our high school days and often stop to look back over the footprints left by the class of 1973.

Juniors Stepping Toward the Future

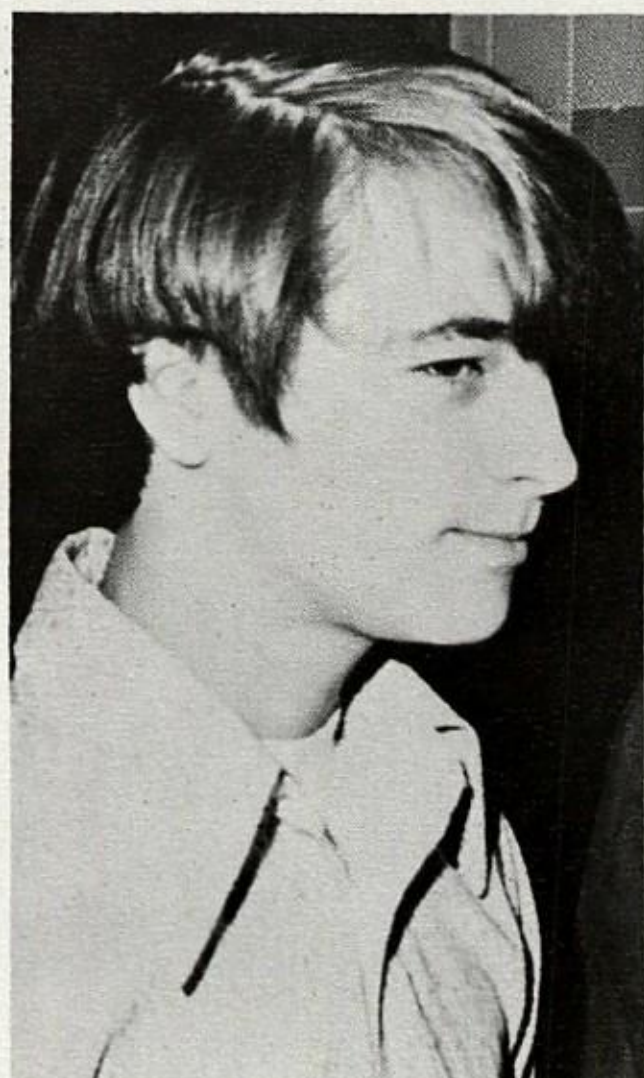

Right on, brothers.

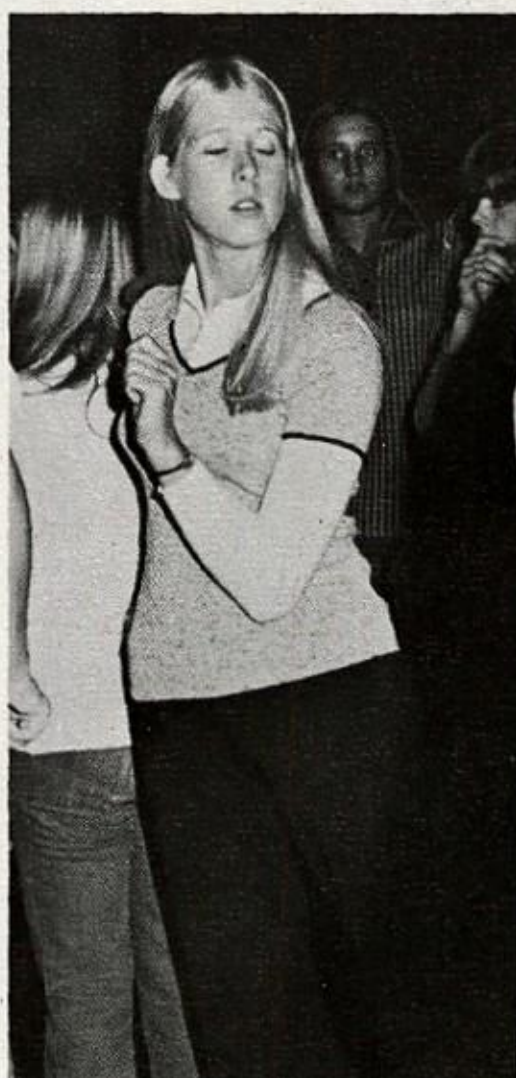

You're probably wondering

With Ever Increasing Strides

Smile, you're on Candid Camera.

Bug off, Creep!

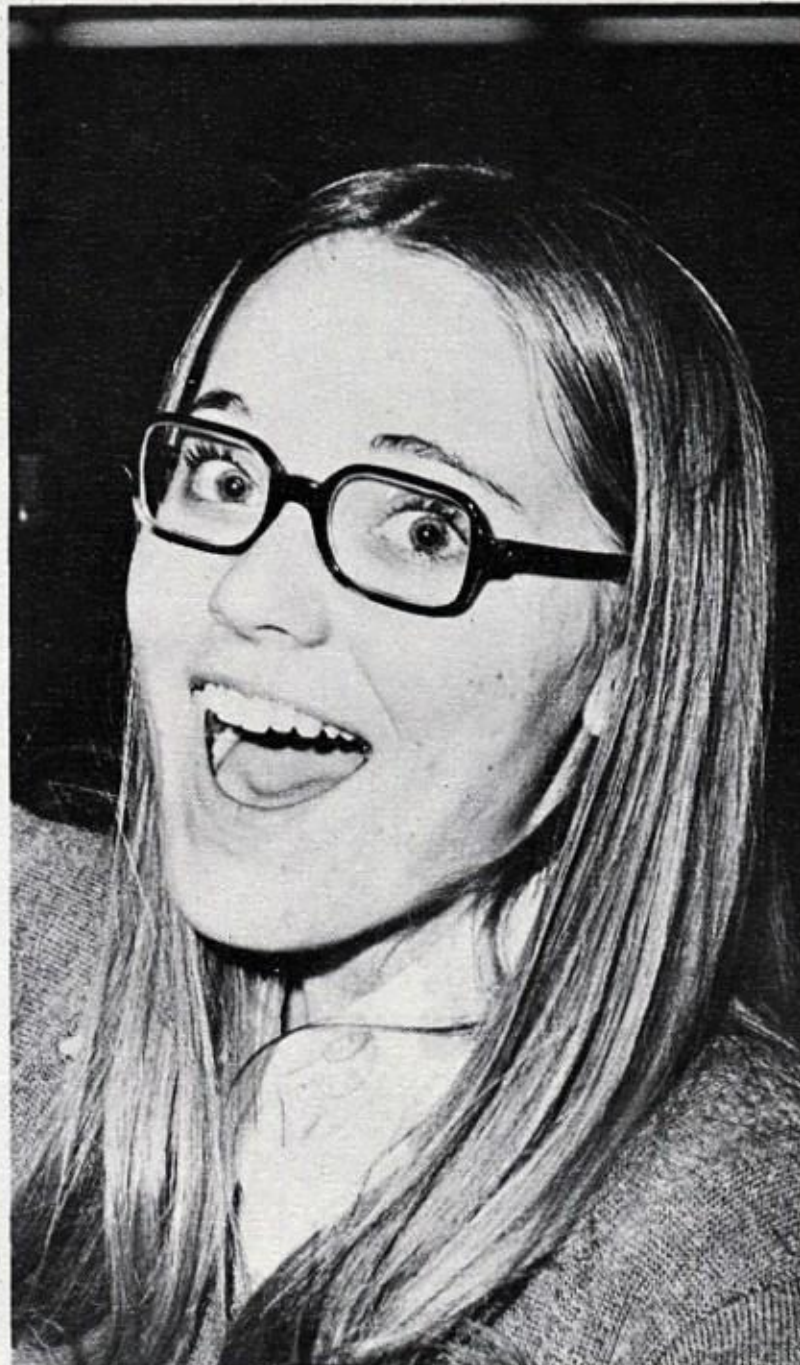

The phantom strikes again.

Monday strikes again.

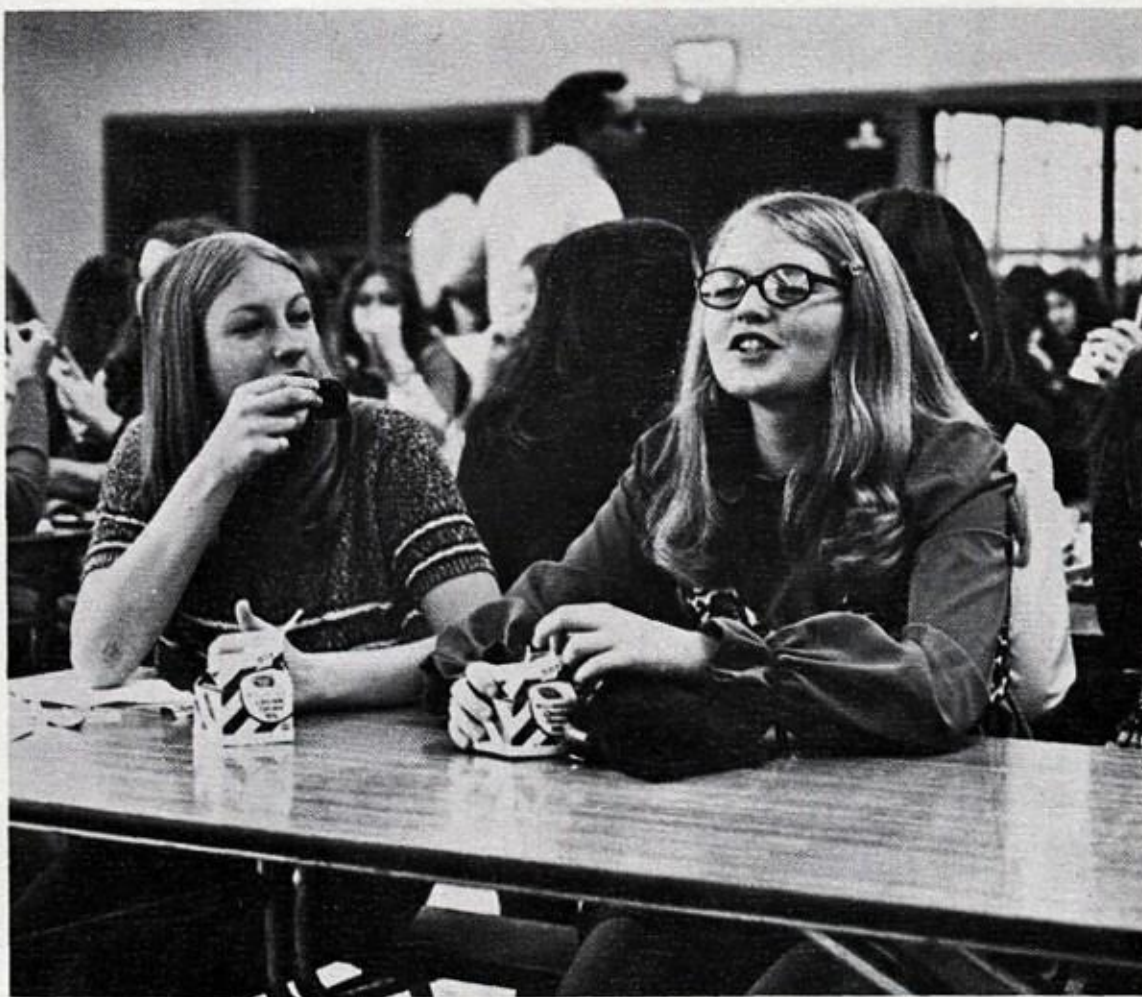

Sure wish I didn't have to hold up this wall.

Don't think you're going to get me to smile.

Boy, did you see that blond?

I'll eat it if you will.

My hero.

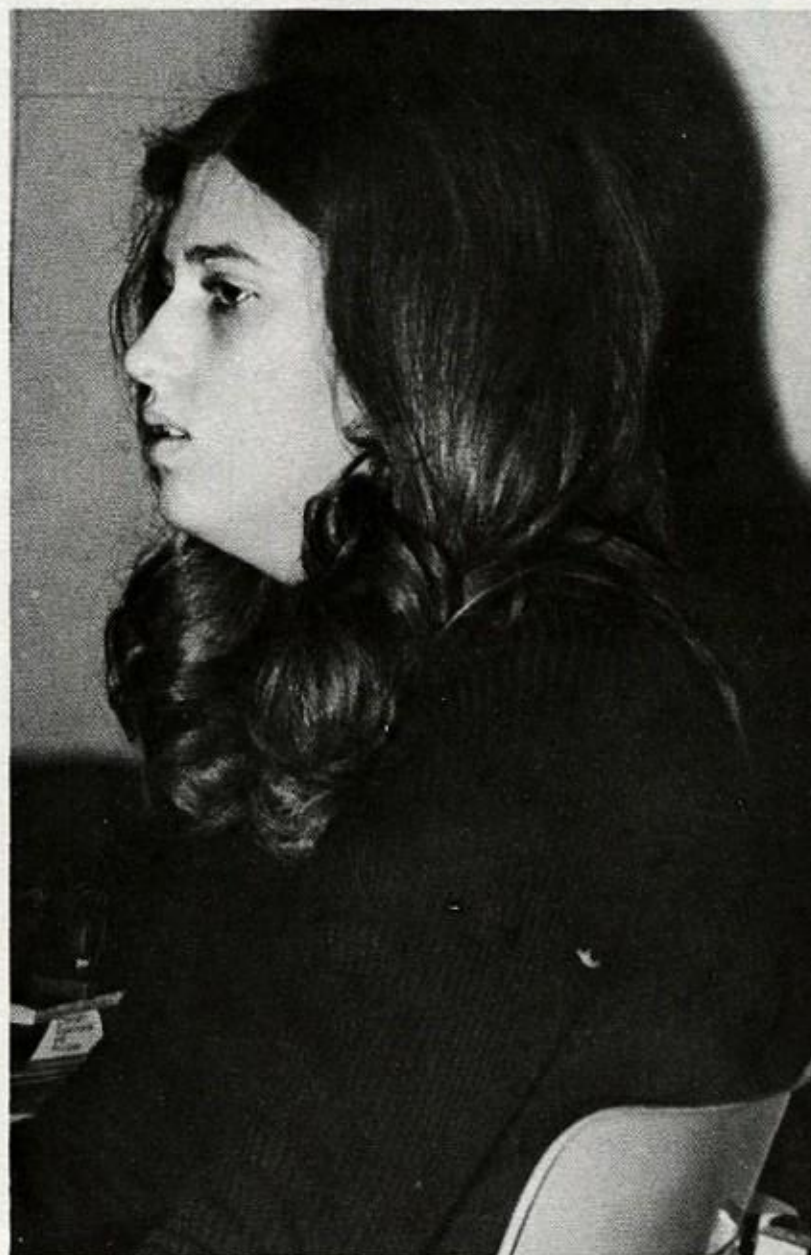

Quit necking in the back row!

How does the school song go, again?

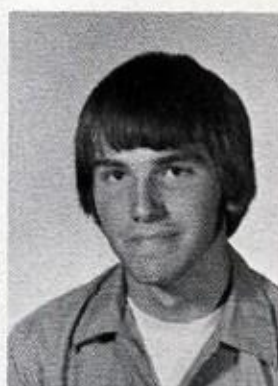

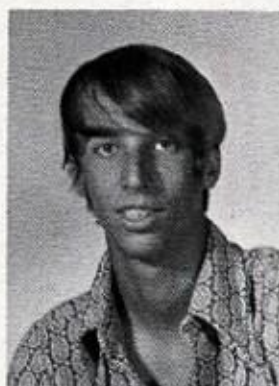

I think I'm bored.

134 days until summer vacation.

Sophomores Adjust To High School Routine

Dear Helen Peck, now that I've got him, what do I do?

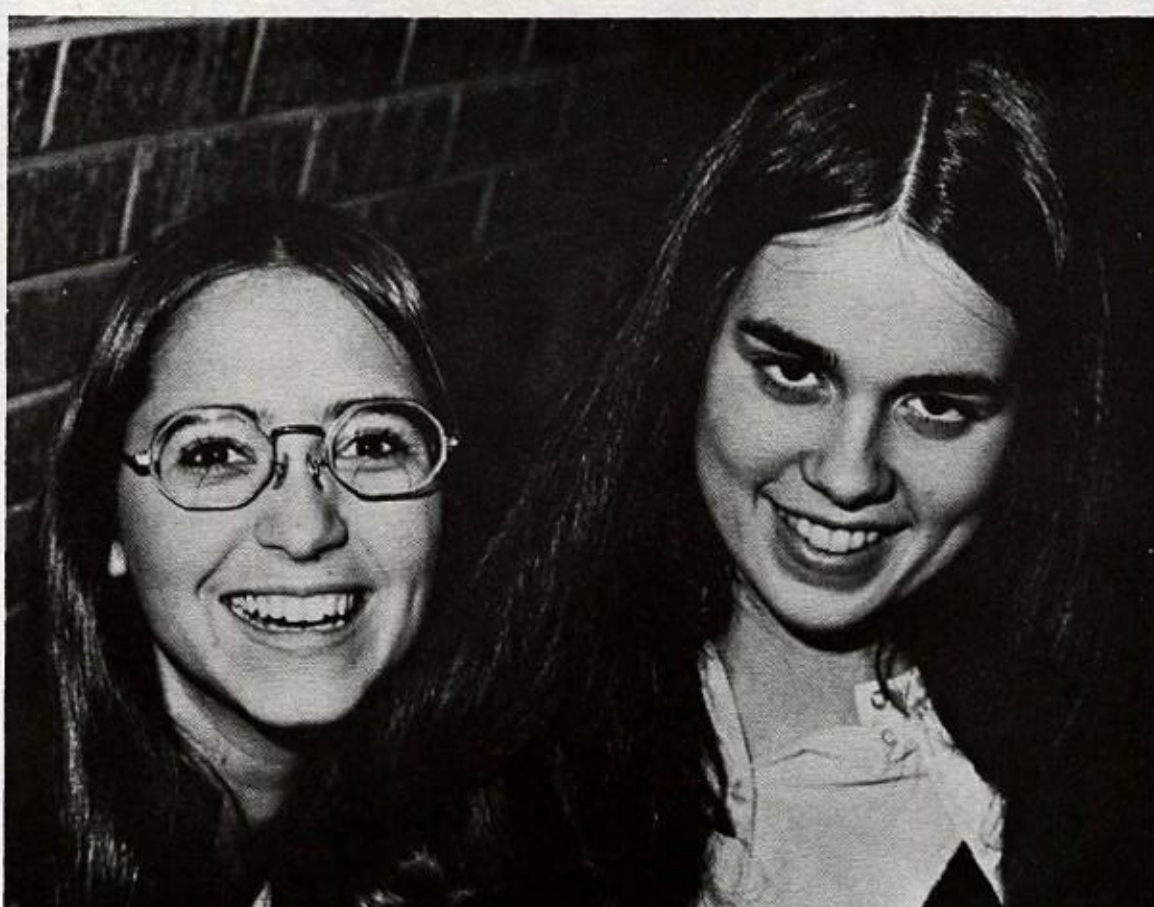

I have this terrible inferiority complex.

That's a dumb chicken joke.

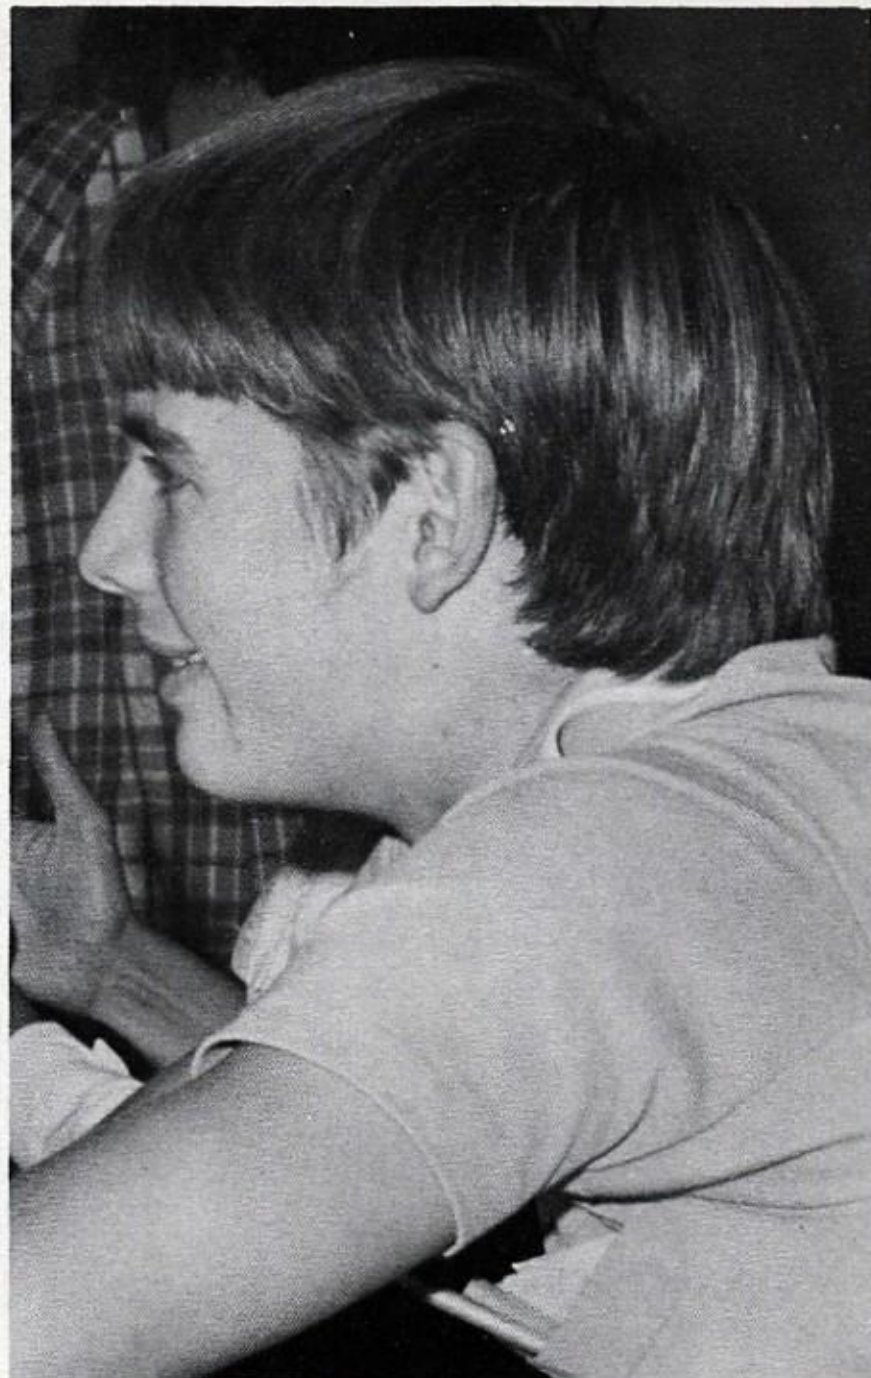

The fool I am, I watch the game and he watches the cheerleaders!

We know what you're up to!

Chapter 26 is already here!

Wait till Chapter 26.

Uh huh? And the cow jumped over the moon!

Meeting New People-Making New Friends

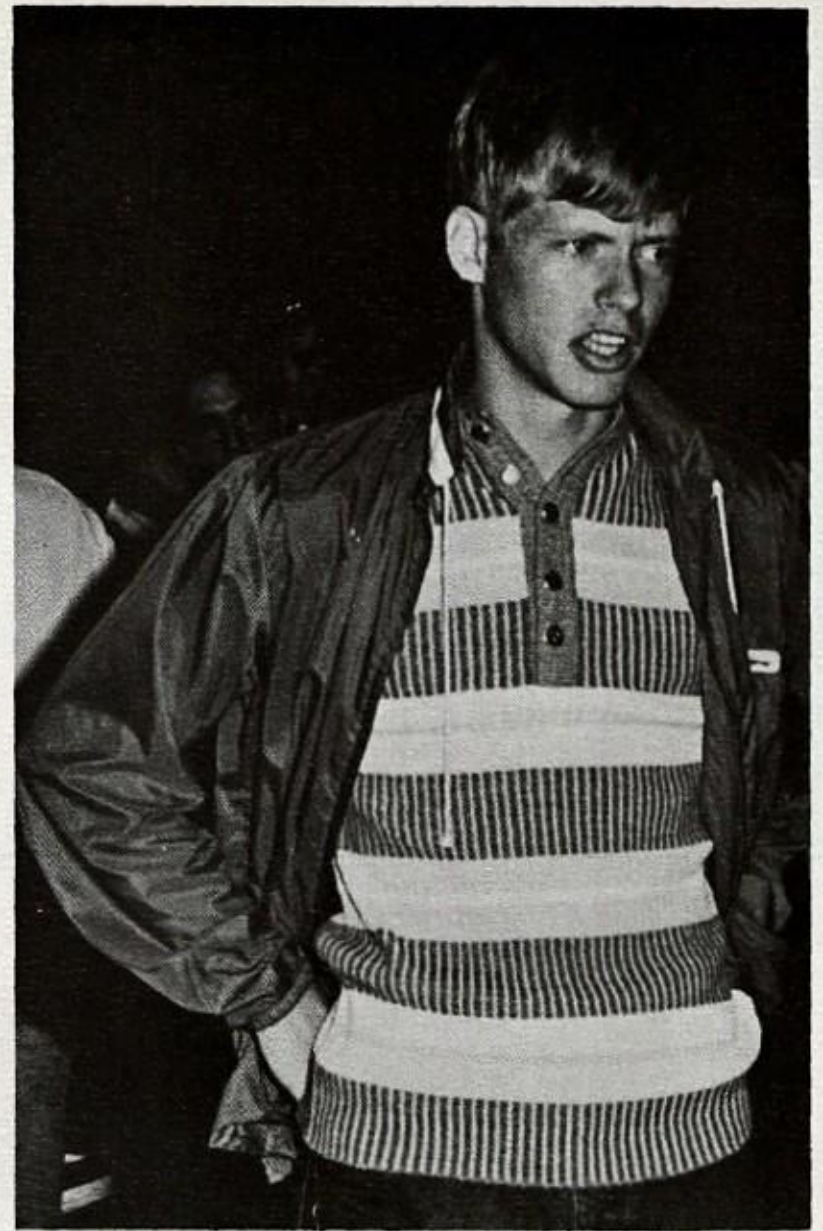

Oh! Is this the boy's?

I think this place has got connections with the cafeteria!

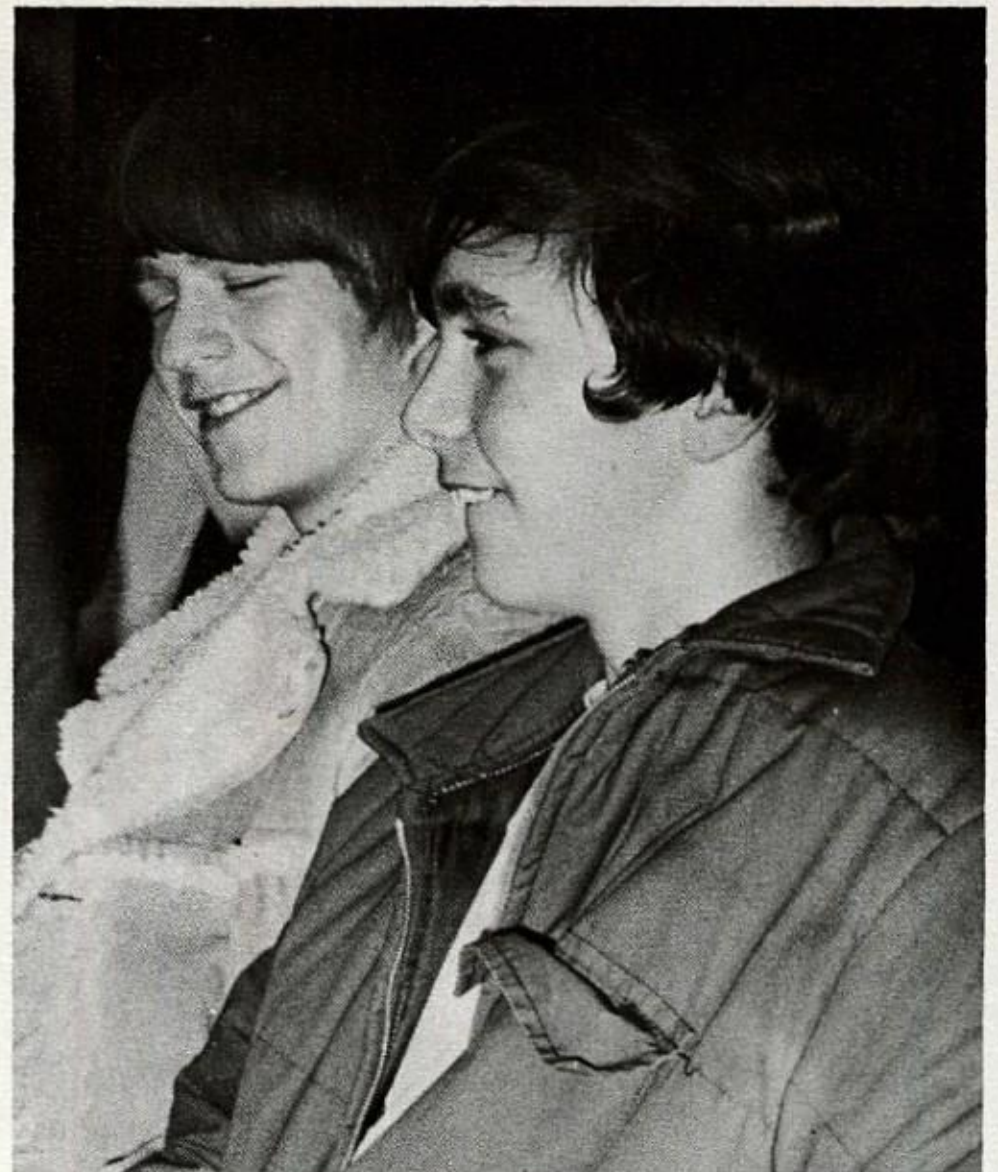

I didn't know his head came off?

I ain't a gonna do it.

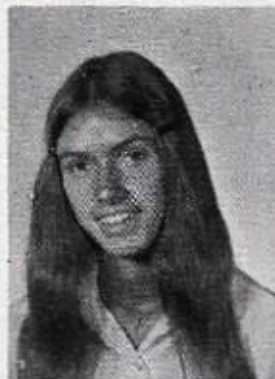

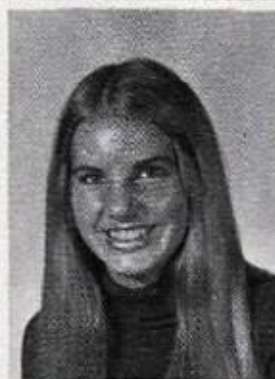

Excedren headache number 95.

er . . . er . . . duh

footstop

This year is a year we are sure we will all remember. As we met last summer we began planning for the yearbook. Continuing to work on the book as the actual school year began, we tried to get a head start on our deadlines. But bad planning and several uncontrollable errors were made and set us back. We pulled ourselves up by the bootstraps (with encouragement from Mr. Kenney). The theme of FOOTPRINTS walked into our midst and we trapped it in the book. We had trouble with apathy and rebellion within our own ranks. A few uncontrollable sayings came in such as "I'll bash your teeth in" or "Get off my back." These were dealt with as was necessary for the completion and delivery of the book on time to the school populace.

This year we must give our most heart felt thanks to Mr. and Mrs. Kenney for their time, patience and basement. Also we must thank Mr. Hegg, Mrs. Graffoullier, Mrs. Hirst, Mr. Krause, Miss Rynott, and Mr. Crown for their immeasurable help in staging this year's Reflectavue, "Hit the Road," and for their individual help in other areas. We must include in our thanks Mr. Pyatt, of Holcomb Studio and Mr. Dale Humphrey in their contributions of pictures and photography. Also thanks to Mrs. Folger, Mrs. Mendez, and the other secretaries who helped us. And finally thanks to Mr. Dewain Menter, our publishing representative, for having faith. We also add a note of thanks to all those not mentioned who did help with the yearbooks. This is where our feet stop and yours continue.

Keep those feet coming.
